

**(PENDULUM, from page 1)**

a piece of Negro support. What have the Democrats done to show their appreciation for the loyalty of their Negro faithfuls? The answer at this time, is, "damn little".

WHICH WAY WILL THE POLITICAL PENDULUM SWING TOMORROW? It will depend upon which side makes the more attractive offer for the most valuable political package in Nevada.

The Negro has learned his politics the hard way. He has learned the dirty tricks of politics by being on the receiving end of nearly every unsavory deal. Every dirty trick that the Negro voter has learned, he has learned from the politicians "on the other side of town". He has learned all those tricks quite well.

The Democratic Party in Nevada probably holds the blind belief that the Negro vote is on the side of their party because Negroes love the party. Nothing could be more fallacious.

The Negro has cast his lot with the Democrats because he has placed more faith in their integrity. However, there are signs of a possible change of conviction on the part of the Negro voters.

The Negro is resentful that Nevada Democrats take his vote for granted.
