

We've Been WONDERING

WHY a professional man would allow his ego to become so big that it would make him do things that reveal how little he was to start with. ? ? ? ? ?

WHY those lady politicians, smart as they are, could have ever been blind enough to elect that certain high office holder. ? ? ? ? ?

WHY some people say that Soul Folks can sing together, and that's all they ever seem to be able to do together. ? ? ? ? ?

WHY so many people say that unity is strength and deliberately use all of their individual strength to destroy unity. ? ? ? ? ?

WHY that lady fink with so much mileage on her old chassis doesn't compete in her own age group? She should know by now that she can't match glamour with the young lovelies who weren't even born when she was their age. ? ? ? ? ?

WHY that over-proud matron continues to bug everybody with pictures and talk of her grand babies? The little monsters come by their actions quite naturally. Granny is sure monster enough when the more she boozes, the more she kills you about those dear little demons. ? ? ? ? ?

WHY the sequences of 52-53-54-25-35-45-8-18, and 6-7-8-30-40-50-69-79 are supposed to be lucky for persons born in December, January and February. ? ? ? ? ?

WHY that well-known socialite who is versed in the usage of words, is so unversed in the value of silence? ? ? ? ? ?

WHY those highly-educated cats want to display their knowledge of everything and solve the problems of the world when the pretties are sitting impatiently for the party to get rollin'. ? ? ? ? ?

WHY Lucky McDowell was six months behind his schedule of arrival on the Vegas scene? Maybe the price of oats went so high that it cut his bread a little short. (When he made the scene last Sunday, he was with that young Chicago money-bags, Mack Jones.) ? ? ? ? ?

WHY Ace Monroe wasn't talking so loud the other day? Could be that he had his volume turned down to match his bank roll. ? ? ? ? ?

(COUNCIL, from page 1)

to do a really effective job of program planning and evaluation, we must have the counsel and participation of all residents in areas where our programs function.

WE ALREADY have several programs which serve residents in the Westside area. These include the Operation Independence Day Care Centers and the Neighborhood Youth Corps, and we will shortly add a Westside Community Service Center, which under the direction of Operation Independence will provide employment and other social services at Jefferson Center and three other branch offices.

In addition to the persons named and already working with organizing the Neighborhood Councils, every citizen is sincerely urged to participate.

Listed below is information concerning the next meeting of each neighborhood Council. The agenda for these meetings will include selection of temporary officers and nominating committees in each neighborhood. After organization, one of the first items of business will be the election of two persons from each area; one to represent their neighbors on the overall Planning Economic Opportunity Board of Clark County; the other to serve on the Executive Board of Operation Independence.

The following listed meetings are all scheduled for 7:30 P.M.

Zone	Meeting	Date
1	Operation Independence	March 28
	325 Jefferson	
2	Kit Carson	March 29
3	Jo Mackey	March 30
4	Highland	March 31
5	Matt Kelly	April 1
6	Madison	April 5
