

# We're Been WONDERING

WHY that certain long-time resident who answers to the name of "Serge" doesn't brush up on the rules of courtesy before someone brushes him up.  
?????

WHY the usually cool, well-mannered Henry "F." let Mr. Ignorant Oil get such a hold on him the other A.M. that he couldn't distinguish the difference between friend and foe.  
?????

WHY that certain "Frump" in a semi-authoritative position in a popular Westside Family Service Agency indulges herself in personal feelings of habitual hatred and habitual fondness -- Like resenting any actions of a person who is in her disfavor, and making every concession to those she likes....Poor Henry wishes she would get the message that the business of any organization is business.  
?????

WHY the eye-catching and very different Miss Betty "B" is so calm, charming and complacent lately -- Could it be that Betty has finally found the key that truly fits her ignition? (Bully for you, Les.).  
?????

WHY it has never gotten through to that Peabrain behind the Cotton Curtain, who refused a decent burial place for a soul-brother who had given his life for his country, that ANY man who is good enough to shed his blood for his country is good enough to be given a square deal afterwards -- And less than that, NO MAN should have.  
?????

WHY the sequences of 1-8-16-24-17-18-26-10 and 13-22-10-20-30-40-50-3 are supposed to be lucky for persons born in June, July, and August.  
?????

WHY the empty bottles and beer cans thrown on well-manicured lawns are always the non-returnable kind.  
?????

WHY that certain couple, in applying for a divorce, didn't tell the Judge the real reason for the incompatibility -- Like their sexual familiarity had dulled the edge of passion, and they wanted to try something new. (Simple, huh?)  
?????

WHY or Where Mr. Brambleto ever got the idea that inexperience is inability where soul-brother and sister are concerned.  
?????

WHY there isn't a Job Training Center office located in Bronzeville where it is most needed. Meanwhile, for the youth that is interested, there is a Youth Opportunity Center at 629 Las Vegas Blvd North.... Boyd Henderson and Soul Brother Trimble are there to help. (Confidentially, of course) - 382-8942.  
?????

WHY the grey-eyed, blonde-moustached, ex-newspaperman kook (currently a disc-jockey) shed his two equalizers and is now soft-spoken where once extremely boisterous (and obnoxious) is so easy to take these days.....Could the little Peach Flambeau to whom he was recently wed have anything to do with this pleasant and welcome change? If so, goody, good gum drop.  
?????

WHY certain "wheels" in the ad business don't think the VOICE is worth the paper it's printed on, until it comes politickin time? We could use their business in the 'off seasons, but we make it A OK when politickin season opens.

# Helldorado Round-Up

TEXAS PIT BAR-B-QUE was the sole entry of a Negro business in the Helldorado Parade - Vivacious Avanelle Lewis, co-owner of the West's finest Bar-B-Que Restaurant (official Barbecuers of the 1966 Helldorado) can be seen inside the diminutive Stage Coach acknowledging recognition of many of the Parade's observers. Mrs. Lewis is employed by the City of Las Vegas -- The fact that Texas Pit was even able to participate in the Parade at all (let alone complete preparations for furnishing that tasty Bar-B-Que to some 4,000 starving patrons at Cashman Field is a tribute to the management's ability to overcome terrific obstacles and to the quick and efficient work of Vegas Heights Fire Department. The Texas Pit caught fire Sunday morning before the scheduled Elk's Bar-B-Que and the Restaurant's management is still singing the praises of the Firemen at Vegas Heights Station for their quick action, skill and care which turned a near total disaster to a minor incident.

NOT OVERLOOKED, but impossible to carry in last week's issue are the Matt Kelly and Madison School's entries in the Helldorado's Young-Timers Parade....Matt Kelly (top photo) were third place winners.
