ONCE IN A WHILE, people who really like people are privileged to meet a very exceptional person who kindles their sometime dwindling faith in mankind. . . Such an individual is Elaine Walbroek. The staff of the Economic Opportunity Board of Clark County, of which Mrs. Walbroek has served as Director since its inception, invited a number of friends of Mrs. Walbroek's to a farewell party for their Director who had resigned her post to study for a Masters Degree at the University of California.

Pictured here are only a few of the people who came to wish Elaine Godspeed and assure her she will be sorely missed.
