will certainly be affected more immediately,
and more directly from the outcome of the vote.
There are a great number of candidates who
have filed for a great number of offices in the
City of Las Vegas, in Clark County, and in the
State of Nevada. Who is elected to those offices
will have a direct influence on our lives, and
on the future of our children. I don't know about
you, but I am carefully going to dig into the
background, the qualifications, the philosophy,

and the record of each and every 'living' before
I cast my vote.
It's a big job, but I've done it before, and
I'm going to do it every time a man sets himself
up to be my representative or provide me with
leadership. I'm going to publish an account of
my findings, and my evaluations as I go along.
Join me--Together we will, with our vote, se-
cure our future the democratic way.

Be A Selective Buyer
A selective buyer is one who spends his money
with those firms which employ Negroes and
which advertise their products in the Negro
press--A selective Buyer is careful that his
money continues to circulate in his community--
Is Your Money going to be put back into your
Community? Two Safety Checks are: Does the
Company advertise with the Negro Press? Does
the Company employ Negroes in any other than
menial positions, if at all?
