

TARGET - ASSEMBLY

Eileen Brookman, a democratic candidate for Assembly District #4, upon filing for the office, said "The next session of the Nevada Legislature will face many problems, many of them in the areas in which I have been interested. I believe I can put the experience and knowledge I have gained to good use in helping to write needed legislation in several important fields".

Knowledgeable Las Vegas, and for that matter, Nevadans throughout the state (with the understandable exception of the plethora of totally unqualified candidates who also seek one of the nine Assembly seats) agree that the attractive and capable Mrs. Brookman would be a decided asset in the Legislature.

The personable Mrs. Brookman is the wife of George Brookman, Las Vegas Building Contractor, and the mother of two children, Debbie Lee 18, and Michael Louis 23. Residents of Las Vegas for 15 years, the Brookman family home is located at 1900 Cochran street, and Mrs. Brookman is a classic example of the American wife and mother whose ability to fulfill her homemaker responsibilities while actively participating in every facet of civic and community activities continues to confound, as it awes, the male of the species.

Mrs. Brookman's involvement in (and commitment to) raising the standards of living encompass the whole broad spectrum of civic endeavor including the field of civil rights. Many honors and awards have been heaped upon her during her tenure of residence in Las Vegas.

SHE IS A recipient of the Outstanding Citizen Award of the NAACP, and is presently a member of the executive board of that organization's local branch. She is the only woman in the country to have received the Anti-Defamation League's Distinguished Citizens Award from the Las Vegas Men's Lodge. She also has won the State Brotherhood Award of the National Conference of Christians and Jews.

Mrs. Brookman has won many citations for participation in American Cancer Society Campaigns, and has been honored, also, by the Nevada Tuberculosis and Health Association, the Nevada Mental Health Association, and the March of Dimes Foundation.

She is a Past Chairman of the Council of Women's Clubs for Senior Citizens, a Past President of Las Vegas B'Nai B'rith Women, Chapter #415, and is, presently, Co-Chairman of the Nevada State Committee, National Council on Crime and Delinquency.

FURTHER exemplifying her far-flung range of interests is her service as a member of the National Committee for the Support of Public Schools, as a Southern Nevada Human Relations Commissioner, and as a member of the Nevada Indian Commission.

Mrs. Brookman is also a member of the Pacific Southwest Regional Advisory Board of the Anti-Defamation League, B'Nai B'rith, and of the Clark County Democratic Central Committee.

Small wonder, is it, that Las Vegas voters have concluded that from Eileen Brookman they would get qualified and dedicated representation in the Nevada State Legislature.

Blankes Kicks Off Campaign

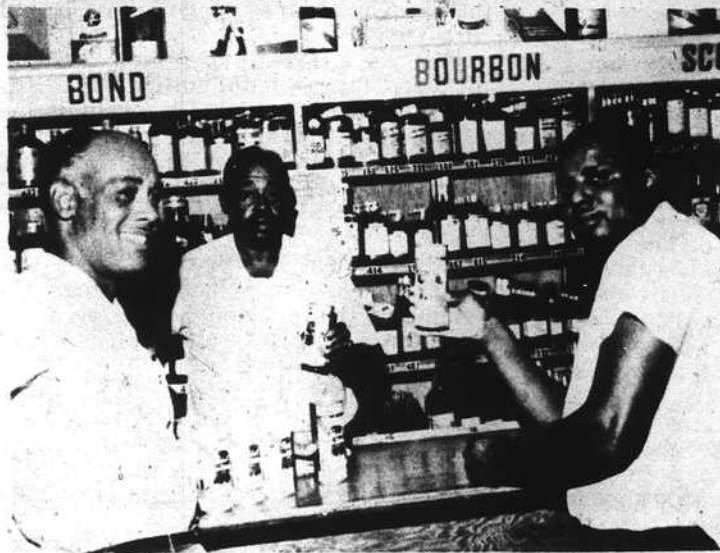

GRATIFIED (and humble) must have been the reaction of young Ray Blankes, a candidate for Assembly District #2, at the turnout and enthusiasm for the Blankes Party, Sunday, at Sugar Hill... On the left is pretty Joyce James, a model in the Fashion Show... Center --Ray with Marjorie Elliott, Democratic State Central Committee Woman--Right: Another lovely model, Dottie Dunlap.

ANOTHER popular feature of the afternoon was the Buffet Table (left), and, in Photo Right, Eva Poole, Rosetta Anderson, Henry Turner, Erlean Turner and Letha Whalen exhibit their obvious delight at the whole affair.

North Of It

LOS ANGELES - (NPI)--Racism which would shame even Dixie was spewed forth at a board of education meeting as the board planned to send students from all-white but crowded Mt. Gleason Junior High school to integrated but less crowded Maclay Junior High school. "N-----lover!" "The communists have taken over," "Forced race mixing" were among the taunts shouted at school board members by 200 angry white parents.

South Of It

LAKE JUNALUSKA, N.C. - (NPI)--Atty. Gen. Richmond M. Flowers of Alabama has charged that the "recent stand I took against bigotry and hatred in Alabama" caused him to lose the race for Alabama governor, and likely ruined his political career. Forced segregation is wrong and morally sensitive citizens have a daily duty to eliminate discrimination and provide full opportunity and equal justice for all, he said. "The Negro in America is on his way to being free, as all other Americans are," he told the Southwide Conference of Lawyers and Physicians.
