### Prefer Viet Nam To Home

SAIGON - (NPI)--Few Negroes served as Army and Navy officers in Viet Nam, Whitney M. Young, Jr., National Urban League executive director, has charged. Young said the Navy especially lacked Negro officers.

The Urban League leader said enlistment and re-enlistment rates among Negroes are high in Viet Nam. This indicates, he said, "That these men would rather serve under conditions on the firing lines of Viet Nam than to remain home, that conditions are better in the military services. It also serves to point up the unusual courage and patriotism displayed by our men--the flower of our communities."

Young estimated that 50,000 to 60,000 Negroes are fighting in Viet Nam out of 300,000 military personnel. Negroes thus comprise 16 to 20 per cent of American forces there, while making up but 11 per cent of the American population.

DURING A brief visit to the office of the VOICE, Sylvester commented that there are presently at Doolittle Center at least eight youngsters of star-athlete potential. He is convinced Sylvester said, that properly supervised and coached with the specific goal in mind, these young athletes could be trained for Olympic competition. He added that the proper supervision and coaching is now blessedly existent at Doolittle Center. It is Sylvester's persistent claim that Bill Evans, Doolittle Center Coach has no peer as a coach. "He's the best I've ever met", Sylvester said of Evans.

Here at the office of the VOICE, those of us who made the personal acquaintance of the Supervisor of Recreation, and who grew to become acquainted with his dedicated and indefatigable efforts in the City's Recreation Program also have mixed emotions over the departure of Nick Sylvester.

We are happy to know there is increasing recognition of his abilities and worth, and we wish him all the success he deserves in his future undertakings, but we are sincerely sorry to see him go. He will be missed.

### Ovens For Negroes

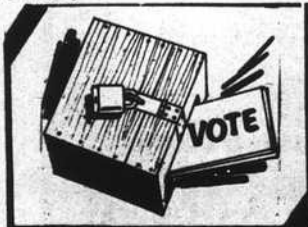

CHICAGO - (NPI)--Negroes should be exterminated if they persist in pushing for civil rights, George Lincoln Rockwell of the American Nazi party, declared on a local television program.

"We fought and died to take this land away from the Indians, and I don't intend to let any Negroes take it away from us," said the Nazi leader.
