

### EDUCATOR DR. WHITE LIKES REGENT'S POST

Dr. Juanita White is seeking re-election to the Board of Regents of the University of Nevada, a non-partisan office. Dr. White's campaign in 1962 gave impetus to the establishment of Nevada Southern as a full four-year degree granting college in 1964 as promised and since that time Nevada Southern has been legally established as a university with five masters programs to be offered beginning this fall.

Nevada Southern belongs to southern Nevada and Dr. White believes this university must be developed to serve us regardless of programs elsewhere. She has consistently supported and promoted programs that best serve the residents of our county.

DR. WHITE is qualified by education, experience, effectiveness and accomplishment for the office of Regent of the University. Not only that, she has participated actively in civic organizations and has demonstrated that she is a leader. She was on the original advisory committee for Operation Independence and was in the group that established the Clark County Economic Opportunity Board which was a precursor of the Office of Economic Opportunity in Las Vegas.

She is a member of the Board of Directors of NCCJ and of the Nevada Tuberculosis and Health Association. She has participated actively in improving plans for the University of Nevada as a whole and is devoted to securing the best possible educational opportunities for Nevadans, both thru our two branches of the university and thru the Student Exchange programs of the Western Interstate Commission for Higher Education to which she was appointed in 1965 by Governor Grant Sawyer.

### A NATURAL FIGHTER

Vic Whittlesea, Democratic candidate for Lt. Governor, stands beside one of his campaign signs on which has just been painted a black eye and beard. The sign is over the Yellow Cab offices in Las Vegas. Said Whittlesea, "I'd rather fight than switch."

### RELIGION and RACE

By NEGRO PRESS INTERNATIONAL

#### PRISONER HAS RIGHTS

RICHMOND, Va. - (NPI)--The Fourth Circuit Court of Appeals ruled last week that a prisoner is not bereft of all his rights in the case of William Howard, who had been placed in maximum security at the Virginia State penitentiary after he sought to hold Black Muslim services. The court held that Howard is "entitled to a reasonable attempt to exercise his religion; even a religion that to some of us may seem strangely confused and irrational...."

#### VOTE DRIVE

JACKSON, Miss. - (NPI)--The United Presbyterian Commission on Race and Relation and the Delta Ministry, National Council of Churches have launched a joint effort to step up voter-registration throughout the state. During the next 10 weeks, workers will fan out throughout the northeastern, central and southern parts of the state to conduct workshops to train potential voters in the art of exercising their political power and to exert influence on existing structures that affect their daily lives.

#### CHURCH HURTING

CHICAGO - (NPI)--The Catholic church is suffering from its involvement in recent civil rights demonstrations. Archbishop John P. Cody said some of his archdiocese's "faithful" have said they will cut down their donations if the church continues its pro-integration stance. Catholic priests and nuns marching in civil rights marches have been spat upon by white Catholics who faithfully keep the rituals but scorn the social content of their faith.
