going your way!

Vic Whittlesea is going your way. Experienced in the tourist and convention business, he will make the office of Lt. Governor a strong force to increase tourism... He advocates the abolition of the 10 percent cabaret tax. "The idea is to encourage tourism-not discourage it"... A pioneer and tireless worker in youth programs, he will increase youth programs throughout the state, especially for underprivileged children... He believes in "on-the-job training" for young people, to increase family income and help families educate their children... He's for improving veterans' benefits, especially in the area of dependents whose husbands and sons have paid the supreme sacrifice... These are a few of the areas in which Vic Whittlesea is "going your way." Vote for the man who will spend full-time on the job as Lt. Governor-- *assisting* the Governor and helping his state wherever he can.
