

We've Been WONDERING

WHY there were more voting factions in West Las Vegas, than there were dedicated voters during the Primary Elections.

WHY certain preachers showed so much interest in the interests of a disinterested candidate for Lt. Governor, and showed no interest in the candidacy of a fellow sepia minister who was running for the Assembly. Was it because poor Rev. was in the same money bracket as Poor Henry? Or, was it because those sepia wearers of the Cloth ain't interested in any candidate who has no loot for their suit.

WHY brother down south puts his life on the line for the right to vote and his Nevada kinfolk couldn't care less about how the vote goes.

WHY more than half of us stayed home September 6 and let Mr. Anti-Civil Rights get another free ticket to Washington to vote against our interests again? It would seem that most of us are satisfied with what we've got, and don't want no more.

WHY the VOICE still ain't heard from Joe Julian about that bad check he gave the boss.

WHY the sequences of 21-22-23-32-16-17-18-27, and 54-55-56-65-49-60-80, are supposed to be lucky for persons born in October, November and December.

WHY butcher boy 'B', security guard 'D', and Pit boss 'Q', don't stay in their own bags and stop hammin'-up somebody else's act. If what happened happens again, we are going to blow the whistle to the landscaper's union.

WHY Paw Westwright doesn't get together with Clarence and come to a meeting of the minds. Paw drew up the Constitution and the by-laws of the Voters League and according to Clarence, Paw is not acting right.

WHY the Exalted One is insisting that all brothers wear white dinner jackets for the Elks Harvest Moon ball September 24. Could it be that he feels that ivory and ebony is the thing these days.

WHY there aren't more musical groups with the know-how to put patrons in the groove for days--like the Gene Chapman V, and the soul-tingling renditions of Richard Tate.
