

THEY LIKE FOLEY - WITH REASON

ELECT JOHN FOLEY

A Real Nevadan Who Knows The Real Nevada

John Foley stands for

- ★ **STATES RIGHTS** John Foley will defend the integrity of Nevada laws and rights from outside interference. He will not surrender Nevada for the sake of "image".
- ★ **EDUCATION** John Foley believes in quality education for all the children of Nevada so that opportunity will not be hampered by inadequate schools or facilities. He also believes in an expanded vocational school program to prepare all children to be able to meet the challenges of the world without apology or adequate training.
- ★ **JOBS** John Foley believes that a reasonable increase in gaming taxes is the first place to look for financing state government and education. The last place to look is an increase in the sales tax. This is a repugnant tax as it affects those least able to pay. He is also against a state income tax.
- ★ **TAXATION** John Foley believes that the economic base of this area has to be expanded so that a job slump in one area will not affect everyone. He believes in a concentrated project to encourage final fabrication plants and warehousing facilities because of Nevada's freeport tax law. This is a type of industry that can be sold to increase payrolls and job opportunities--and will be sold under the leadership of John Foley.
- ★ **AIRLINE** John Foley believes that the Lieutenant Governor should be a legislator-at-large for all the people of Nevada. He will always be available to anyone who has a problem involving state government or who needs assistance.
