Civil Rights - - Theirs - And Ours

CAN YOU BELIEVE?

JACKSON, Miss. - (NPI)--The slaying of four civil rights leaders will be avenged, after all, if the Justice Department gets its way. The Department sought to have a federal grand jury bring in new indictments in two rights murder cases--the killing of three rights workers, Michael Schwerner and Andrew Goodman, both of New York, and James Chaney, Meridian, Miss., near Philadelphia, Miss., in 1964; and the fire-bombing death of Vernon Dahmer, Hattiesburg (Miss.) voter registration leader, in 1966.

WAYS OF WHITE FOLKS SURPRISE!

SACRAMENTO, Calif. - (NPI)--A bill which would water down the embattled Rumford Housing Act has been introduced in the Assembly. The measure would exempt privately owned single family dwellings and multiple dwellings of less than five units from coverage. Its author, Assemblyman William T. Bagley, said the measure is designed to make the fair housing act more acceptable to the state's whites and prevent outright appeal. A constitutional challenge of the act is now before the U.S. Supreme Court.

Klan Supports Wallace

NEW ORLEANS - (NPI)--Well, look who's boosting George Wallace for President! None other than the Ku Klux Klan's front men, the Citizens Councils. According to a council leader, the segregationists' membership has shot up since Wallace, Alabama's former governor, indicated his interest in running for President. Council heads, however, are said to be upset by Wallace's failure to announce his candidacy formally.
