

Boys Club Members Take Off For Camp

Shown here are some of the Clark County Boys Club members with Boys Club Program Director from NLV just minutes before the group left its West Owens Ave. Headquarters for a camping trip in Death Valley. Young adventurers pictured here are Tyrone Junior, Dennis Ford, Donnie Chaney, Willie George, Jr., James Allen Owens, Ted Sanders, Bob Edmundson, Rodney Wolking, Randy Ganguier, Stewart Fifield, and Evert Beigdorf--Tyrone Junior was selected as "Best Camper".

The Boys Say

If when walking past the Boys Club, a sudden gust of dust, causes you to momentarily lose your way, please try to be understanding, because it just may be some innocent Boy trying to earn his Boys Club membership card, for the year.

Many new members were signed up last week and more than 75% of them earned their \$1 membership fee by doing odd jobs, and by making many contributions, which they thought beneficial to their Boys Club.

SINCE OUR latest membership drive started, we have acquired more than one hundred new

members.

Some of our new Boys Club members had a chance to go on our first overnight camping trip since summer. This one was from Friday April 14-Sunday April 16, 1967.

The Boys Club is pleased with the active interest, shown lately, by parents of Boys Club members. The Boys Club needs interested and capable adult volunteer workers, to assist in directing various programs. Interested persons please see Leslie Jones or Silas Stepp at the Boys Club or call 642-2777.

Response To Hot Breakfast Program

..... Heartwarming

The blinding tears from heartfelt appreciation and gratitude that kept welling in the eyes of Mrs. Evelyn Coleman, Service Worker for the Matt Kelly Neighborhood Council, as she reported the response to the Council's plea for support of its Hot Breakfast Program were matched by the writer as we agreed that people can be pretty wonderful.

Mrs. Coleman reports that the Anderson Dairy Company installed a milk dispenser at the school and are supplying the program with 10 gallons of milk, weekly... that Wonder Bread Bakery is donating 15 loaves of bread per week... that the Henny Penny Company is contributing 9 dozen eggs each week to the Program... A generous supply of French Fries and Mocha Mix is forthcoming every week from Reddi-Spud.

AND THE cash contributions--the hardworking members of the Council who are there daily to prepare breakfast for the youngsters of the school were nearly emotionally broken up when Mr. and Mrs. J. C. Ice walked in and presented the ladies with a \$222.75 cash contribution collected from individual carpenters, laborers, mechanics, and ironworkers from Area 3 of Mercury Test Site... Also reported were the generous contributions of \$25 donation from Mr. and Mrs. Marvin T. Whitmore and a \$5 one from Mr. and Mrs. Daniel C. Carter. There have also been several anonymously donated checks including one for \$4 from Evergreen street.

It is impossible to express the depth of gratitude felt by the working women of the Matt Kelly Neighborhood Council who initiated the Hot Breakfast Program and are seeing it made a living reality through the heart, concern, and generosity of our town's business firms and individual citizens.

YES, IF THE Program is to continue for the next two months until the close of the school year, continuing contributions will be necessary--make checks or donations to the Matt Kelly Neighborhood Council at the Matt Kelly Elementary School.
