## "Rights" Cause Benefits From Famed Poet's Will

ATLANTA - (NPI)--Dr. Martin Luther King, Jr., said he was "deeply touched and gratified" to learn he was named beneficiary of the bulk of the estate of the late poet-satirist, Dorothy Parker.

Miss Parker's will stipulates that Dr. King is to receive "all of the cash and negotiable securities" of her estate after payment of any debts plus the proceeds of a trust fund. He is expected to receive around \$10,000 in semi-annual payments.

Upon his death, the principal of the trust will go outright to the NAACP.

Dr. King said he was inspired most by the fact that "one of America's most respected and warmly loved women of letters felt so committed to the civil rights movement that whatever she had she offered to it.

"I have frequently said that there are white people of good will who support equality and justice unreservedly," Dr. King said.

Miss Parker died last June 7 at the age of 73.
