

Scholar's Horizons Broadened By Organ Recital

Mrs. Juanita Wynn, left, will be presented in an Organ Recital Sunday afternoon (Sept. 17), 4:30 p.m. at the Zion Methodist Church. The gifted Mrs. Wynn's appearance in Recital is, in itself, an announcement sure to attract music lovers in the community. But there is an added incentive to local residents to cancel any and all previous commitments and engagements to be present at the Recital Sunday afternoon.

The extraordinary interest announcement of the affair has engendered is because Mrs. Wynn consented to offer the afternoon Recital in order that members of the community might have opportunity to contribute to a scholarship fund for lovely Brenda Mason, right, who was an honor student graduate from Western High School two years ago, and is now a sophomore

at Chapman College in Orange County, California.

Brenda is the daughter of Mr. and Mrs. James Mason of Briar Root Acres here. Her father is totally disabled, and Mrs. Mason has been the whole support of the family. The Les Femmes Douze (Ladies Twelve) Club has guided and aided Brenda's educational program since she was first chosen to be a '65 Debutante. Mrs. Helen Anderson, Kit Carson School principal, and member of Les Femme Douze has been her personal sponsor.

Occasion for everyone to want to "dig" to want to do their part for Brenda is that she has

"OPERATION PRIDE" AT YOUR SERVICE

Call the office of the E.O.B.--642-0707 and ask for Ray Johnson who is conducting the "Operation Pride" program and leave your name, address, and information as to the day and time convenient for you to have the eye-sores removed.

Been wondering how to get rid of those unsightly, discarded appliances or articles of furniture that are too large to leave for the regular trash pick-up? Your troubles are over!

been offered the opportunity to study for a year in Chapman College's "floating college". This revolutionary innovation of providing students an opportunity to travel, by ship, to all the major ports of the world while matriculating in their chosen field has college students everywhere wistful and wishful whenever the "floating university" is discussed.

Brenda has the opportunity--we are going to make it possible for her to take advantage of it--you - me - every individual--every group will want to be a contributor in the broadening of this deserving scholar's horizons.
