The four week United Fund campaign seeks to raise \$812,744 to meet the 1968 needs of 23 health, welfare and youth agencies.

UNITED FUND REACHES 37% OF GOAL

The United Fund drive has reached 37 per cent of its record \$812,744 goal in the first week of the fall campaign. Associate Campaign Chairman Kenneth J. Sullivan announced at a volunteer report luncheon a total of \$300,912 has been pledged by Clark County contributors.

No breakdown of the figure was available, but Sullivan said most of the money pledged to date has come from the Pacesetter Division. This advance unit, which covers large corpor-

ate gifts, is being headed by Jerry Mack and R. Julian Moore.

Campaign Chairman John D. Gaughan congratulated volunteers on their work so far, but warned that the most difficult part of the campaign is yet to come. He urged every Clark County citizen to pledge a "Fair Share" to the drive, which benefits 23 health, welfare and youth agencies throughout 1968.

Negro Slain "For Fun" Three Youths Arrested

NEW ORLEANS - (NPI)--On the night of July 28, a 20-year-old Negro youth, Steve R. Young, was standing on a corner of a street in Algiers, just across the river from greater New Orleans, when an automobile passed by and a fusillade of bullets was fired and the Negro youth was killed. No apparent reason was given and no clues were found at that time.

Last week three white boys in their late teens were arrested and are said to have confessed to the killing. One said that the lad was killed because the white boys just wanted to "go out and kill a nigger".

CHARGED WITH this murder are Thomas Joseph Gautreaux, 18 and William Modis Martin, also 18. Another youth, Donald R. Humble, said to be involved, is charged with the death of two cab drivers lured into a lonely spot and shot dead.

A fourth member of the gang, whom the others felt was about to squeal on them, was taken out and shot to death. Police say all four were killed by bullets from the same gun, according to ballistic tests.

Police say that more than a score of persons, including close relatives, knew all about the murders but none gave any evidence of that knowledge to police.
