

ALL-OUT BOYCOTT OF ANDERSON DAIRY PRODUCTS URGED

One thing must be said for the Anderson Dairy Company, there is nothing hypocritical about the operators nor do they speak with forked tongue. Questioned about the report that the milk company had discontinued home service in the Negro residential area, the answer was a forthright, uncompromising "Yes". Reason given for the home delivery cut-off was that there were too many bad credit risks.

So who would be stupid enough to argue with a policy of cutting off customers who don't pay their bills--BUT--whoever heard of a business that disdained the patronage of a whole segment of people because some of them are bad credit risks? Has this ever happened to any other cate-

gory of customers, and there are classifications in all circles; the answer is certainly not.

THIS ACTION of the Anderson Dairy Company of blanket discrimination is as senseless as it is reprehensible, and it calls for immediate retaliation by every Negro (and every resident who claims a Negro as a friend) with an all-out uncompromising boycott of all products of the Anderson Dairy Company.

Asked if the Dairy still delivered to markets, schools, cafes and other outlets in the Negro community, the answer was in the affirmative.

The course of action against Anderson Dairy is a simple one. Make sure that every-

body knows about the company policy. Knowing it, it is certain that not a drop of their white milk will go down the mouths of black residents here or wherever the product is sold. Parents should immediately ascertain which dairy services schools and nurserys where their children are enrolled and every conceivable pressure should be brought to bear that purchasing agents of these institutions should cease doing business with the Anderson Dairy Company at once.

In righteous indignation our Anderson Dairy Boycott can make the Boston Tea Party seem as rebellious as a minority report at a Park and Recreation Commission meeting.

"PUDDIN' HEAD"

"TELL'N IT LIKE IT IS--- AND PUTT'N IT WHERE IT'S AT"

CLEVELAND ELECTION WILL BE DEMOS' TEST

KEEP YOUR ear to the ground and watch the smoke signals coming out of Cleveland, Blood. Cleveland goin' to tell us sumthin' real boss, real soon about how Bro goin' to make it, or fake it in big politics, baby.

Put these two monikers in your memory bag, baby, and draw the string up tight so they can't slip out. One is Carl B. Stokes, a Soul Brother, who just won the Democratic Primary ticket for Mayor of Cleveland. The other is Al Porter, Demo County Chairman in the Cleveland area.

Cleveland been a Demo stronghold for a heap of years. When a politiker wins the Democratic primary there, he been in like Flynn, baby, in the past. Now we goin' to see if them Demos in Cleveland are for real. If they for real, we goin' to have a Soul Brother Mayor of Cleveland. If the Democrats there ain't for real, and Carl don't make it to City Hall, we got to take another look at how we support the Democratic Party in the future, Blood.

DON' GET ole Puddin' wrong now, baby. Puddin' ain't sayin' we got to put all Democrats down if they back lash in Cleveland. But, baby, if they don't go kosher there, we got to start wondering where we stand everywhere.

Blood, we got to get more respect for our ballots, cause they one of the two big guns we got to win the war. We got to invest our votes where they goin' to pay big dividends. We got to use our ballots like we got to use our bucks, with oneness and wiseness. They are the only tools we got to get our job done. If we don't use 'em right, we done flunked the big test, Blood.

Stokes been sayin' that Al Porter, the Cleveland Demo Boss, looks like a seven-buck bill

A Most Honored VOICE Party Guest & Friends

Last Sunday afternoon the Las Vegas VOICE hosted its annual party honoring a group or organization for outstanding contribution to the community. This year, the newspaper played host to VISTA Volunteers presently assigned to the area, and staff members of the eight Neighborhood Councils, a component of the local anti-poverty program.

A more deserving group of men and women simply does not exist. It was a privilege to entertain these dedicated citizens and a real pleasure to enjoy an evening of fun and relaxation in the company of the delightful guests of honor.

Pictured in above photo with Bob Bailey (left), in whose oasis-like Sugar Hill Gardens the party was held, is Miss Lillian Carter, who perfectly exemplifies the dedicated worker, and VOICE publisher Dr. Chas. I. West. The esteem and affection which Miss Carter enjoys in the community is reflected in the faces of the gentlemen as they commend her tireless, selfless, dedicated efforts in a variety of assignments since she has been in our community.

Miss Carter came to Las Vegas as a VISTA Volunteer, and her work and deeds since her arrival here are near legendary. Her diversified abilities and devotion to the program did not go un-noticed. When funding was made available under the Older Americans Act for a Senior Citizens Program here, Miss Carter was chosen by the City Recreation Department to supervise the Senior Citizens Program for the West-side community.

This is the caliber of VISTAs (Volunteers in Service to America) and not only were we proud to honor them, along with the Council Workers, with a party, WE HAD A BALL. (For more pictures of the VOICE party, see page 11).

Commission To Utilize Office Of The VOICE

The Southern Nevada Human Relations Commission will have a representative available to the new offices of the Las Vegas VOICE, 900 West Bonanza Road, to register complaints of discrimination, commencing Wednesday, October 11th, and each Wednesday thereafter, from 1 to 5 p.m.

Michael Dawson, Executive Secretary, S.N. H.R.C. will be at the offices of the VOICE weekly to make the services of the Commission more convenient to anyone wishing information or assistance on matters relating to human relations and civil rights.

Dr. Charles I. West, Editor and Publisher of the VOICE, is also a member of the Southern Nevada Human Relations Commission. He volunteered the use of the offices of the VOICE when he learned the Human Relations Commission was concerned that some residents of this area might not know of the services available to them.

James G. Ryan, Chairman of the County Commission, and Las Vegas Mayor Oran Gragson are ex-officio members of the Southern Nevada Human Relations Commission. Through their efforts and the civic interest of the members of the City and County Commissions, S.N. H.R.C. has been functioning on a full time basis since July 1st, and is now better able to service the entire community.
