

MEET DODGE CHARGER III & "EXTRAS"

SHORT SHOW NOTES

BARBARA McNAIR TO VIET NAM

In a quick change of booking, Della Reesé will replace Barbara McNair at Hollywood's Westside Room from Dec. 5 through 23.

The switch was made to allow Miss McNair to join the annual Bob Hope Christmas visit to entertain U.S. troops in Viet Nam. Miss McNair will make up her Westside Room engagement sometime next year.

SUGAR IN "CANDY"

Former boxing champion Sugar Ray Robinson has been signed for a featured role in the ABC-Selmur Production movie, "Candy," starring Richard Burton, Marlon Brando, Ringo Starr of The Beatles and John Astin.

AIR FORCE JET? -- No. It's Dodge's new experimental car--Charger III which is touring auto shows throughout the country. The "Candy Apple" red two-seater is only 42 inches high, 184 inches long, and 73 inches wide.

There are no doors, no windows that open. To enter the car, you push a button. A jet-aircraft-type canopy swings up, the two bucket seats elevate eight inches and the steering wheel-instrument pod swings away (as demonstrated by model Sandy Lawrence in photo below).

No, Henry P., Sandy does not come with the car.
