

# We've Been WONDERING

WHY upon finding her (barely) teen-age son in a compromising situation with a lass several years his senior, that veddy veddy Status Conscious professional dame went absolutely ape--screaming, ranting, and threatening mayhem? Could it be she doesn't believe that what's sauce for the goose is also sauce for the gander? Since infancy, the Son has been the go-between for Mom's long parade of lovers, many of whom were many years her junior.  
? ? ? ? ?

WHY whenever the subject of high school drop-outs is under elaborate discussion, interested parties don't broaden the subject to include folks who are LIFE drop-outs? Like those of expressed discontent with their place and plight in life who are wallowing in self-pity... They, too, should be encouraged in self-motivation.  
? ? ? ? ?

WHY certain workers in a certain silver curtain agency who have been bad-mouthed and bum-rapped (with some justification) for the manner in which they treat those seeking employment and/or furthering their education, don't have a little Chit-Chat with one of the Soul Folks' favorite, Mrs. Eileen Saady, Employment Counselor of the Opportunity Center? This LADY has the know how, but also has the ability and grace to get the job done without making anyone feel he is begging for a hand-out.  
? ? ? ? ?

WHY those stupid, despicable, petty thieves who broke into George Semper's car, Sunday last, don't exercise a little gray matter and recognize the folly of their ways. If they had been caught in the act by the "Security", their lives wouldn't have been worth a plugged nickel. Also, if certain friends had been on the scene, Today, they wouldn't be able to break a piece of BREAD.  
? ? ? ? ?

WHY that ultra sophisticated KNUCKLEHEAD who has dealt in everything from the sale of Bobby Sox Babes to Black Market Babies treats attendants in the men's lounges as if they had tails when he's out "doing the Strip"? Could it be this Goof is trying to attract attention? If so, he's got it made with some who are more than mildly interested in his shenanigans.  
? ? ? ? ?

WHY the sequences of 8-12-22-25-31-32-39, and 43-47-48-55-66-67-68, are supposed to be lucky for persons born in April, May and June.  
? ? ? ? ?

WHY that not exactly middle-aged swinger who has been dating a number of youthful YUM YUMS since his divorce, complains that the only thing the YUM YUMS want of him is money? What does he expect - egg in his beer.  
? ? ? ? ?

WHY that passionate matron who claims she is being cheated out of her sex life by the neglect of her homosexual husband who (to let her tell it) lavishes his affection on the boys, doesn't cool this ridiculous bag? This is the type story "misunderstood" husbands lay on fancy ladies of the evening.  
? ? ? ? ?

WHY that fairly prosperous and slightly educated young man about town comes on with such tenacious resistance against the truth when facts are presented? Could it be the material properties owned jointly by him and the Finance Company have given him an edge on brains.  
? ? ? ? ?

WHY parents who introduce their small fry to Joy Juice, thinking it's cute, throw all kinds of fits when the kids reach their teens and start "balling it up" away from home... Instead of wailing and moaning, these parents had better just face up to the sad truth that they, and nobody else, really turned the kids on and OUT.
