

We've Been WONDERING

WHY that Romeo who was caught taking a bath in his boon buddy's pad (and with Boon's wife) yet, didn't try to cop out instead of propositioning his buddy that he was welcome to do the same at his house with his dame? If Romeo had been thinking faster, or ducking quicker, he might have been able to save himself a few teeth, and not have to be drinking soup through a straw.

WHY some of the ofays who pretend to be so interested in Bro's plight, but who cop a plea that they never dreamed that things could be so bad for Bro, don't try to find out first hand? All they got to do is put on some black-face and test the action they get from some of the same people they have been associating with all the time. Just ask them about living next door, or for the same kind of job they work at. They won't have to ask about dating their daughters, they'll get the message when they ask about jobs and housing.

WHY that "love-for-a-fee" broad, who was such a swinging hooker before she got with the acid kick, don't split from her teenage sister's group and get to swinging again. She was a groove but she's a stone drag with the acid bit.

WHY some characters think that because that Minority Specialist is so courteous and congenial he's got to jump into their kind of bag? The guy is pure Soul, even though his name might fool you. Ty Levi has the right to pick his own groove. He is a stone groove, but there are different strokes for different folks.

? ? ? ? ?

WHY the sequences of 12-13-14-21-22-32-33-34, and 44-45-46-53-54-65-79-80, are supposed to be lucky for those born in April, May and June. (Ed's Note: the boss still wants to know when Poor Hen is going to give the hot tips for September folks.)

? ? ? ? ?

WHY the highly respected head of that certain welfare agency don't pick up on what a hard time one of the wheels in the office gives to staff members as well as to welfare clients? The morale in that office is lower than a snake belly. Most of the staff members are looking for other jobs, and most of the clients are waiting to catch the Witch out on a dark night. The first time the Witch gets caught, you can bet poor Henry that she better have her broom to split in a hurry.

? ? ? ? ?

WHY the self-styled leader of Bronzeville would conspire with a not-so-liberal Ofay broad to include one of our real leaders out of the recent Demo County Convention? On top of all his weird groove, he still tries to bunko the unsuspecting Brothers that he stands for Harambee, which means, let's all Soul Folks pull together. That cat don't stand for nobody but his greedy self. His recent action made his best horse break out of her stall. The tiger he had in his corner will be hell to get off of his back. His fur will be flying high and he will soon see how cold it is on the outside.

DOOLITTLE CENTER'S PRE-VALENTINE PARTY

MORE THAN 200 elementary students witnessed the crowning of six "Valentine Sweethearts" selected from West Las Vegas' six elementary schools at the Pre-Valentine Party held at Doolittle Recreation Center, Saturday, February 10.

From left, "Kings" from participating schools pictured crowning their respective queens are: Gary Sutton performs the ritual for Jo Mackey's Maria McDonald; Garey Bryant for Matt Kelly's Eleanor Walker; Linnis Bolden for Highland's Mary Jo Clark; Carlton McCullum for C.V.T. Gilbert's Freda Davis; Bobbie Brown for Madison's Leodell Pickard; and George Glasper for Kit Carson's Vivian Wattoo.

In photo below, a group of the several hundred youngsters delightedly show off the festive table of valentine cake, candy, and soft drinks, highlight of the "refreshment" hour which followed the Queen Crowning ceremonies.

priced cardboard shacks (and he did) then Puddin will be damned if he ain't the first choice for the job they are givin' to Whitey.

If we don't help our kind, who in hell do you expect to do the job? Baby, we got a lot of jobs to do for ourselves, and until we get with it, we are up that creek without a sail or a paddle. Until we HARAMBEE we ain't goin' no where.

If them cats for some good reason why Willie was OK for the job before, but can't cut it as the manager, then they better have a better reason why they think that we ain't got some other Soul Brother or Soul Sister that is qualified for the job. We got lots of Soul Folks who can do a better job of managing that project than any Gray. If they expect peace, they better start flyin' right. Baby, we ain't goin' to have it the way they want to give it to us.

HARAMBEE for Willie Neal. He has earned the job, and we got to stand strong.
