

# We've Been WONDERING

WHY the power structure continues to appoint committees to study the problems of Bro that have been with us for more than a century, and already studied a zillion times? Many of the appointed studiers are people who help to make the problem stay on the scene. We don't need more studying. We need some solutions.

? ? ? ? ?

WHY that lady master of the culinary art, who can cook up a breeze, don't stick to her cooking and do less breezing when she serves a party? When she caters a party, you have to have a program to know who the hostess is.

? ? ? ? ?

WHY that middle-aged cat who recently married into a ready-made family, didn't know that he had to take the bitter with the sweet when he got hitched? He better give mama's crumb snatchers a little time and attention. They went along with the deal.

? ? ? ? ?

WHY that delightful yum yum who had been giving several of the men about town a taste of honey, suddenly cut off their goodies and awarded the top spot on her love menu to a square several years her junior? Was it a strong back, or a weak mind that won her favors for Junior.

? ? ? ? ?

WHY that big-time spender who makes more than two bills a week don't pawn something other than the family TV when he over sports himself? His neighbors have a 21 inch TV, but his kids have got 24-inch heads, and the poor neighbors are getting fed up with the tear up the kids are putting on their living room -- not to mention missing all their favorite TV programs.

? ? ? ? ?

WHY that much traveled go go gone babe who hangs out on Glitter Gulch don't sharpen up her off-stage act? She picks out the boss sharpies to sharp talk with, and she gets shot down every time, but keeps coming back for more. She is some kind of a glutton for punishment.

? ? ? ? ?

WHY the sequences of 7-12-13-14-20-22-23-30, and 44-47-48-50-60-61-72-77, are supposed to be lucky for persons born in June, July, and August.

? ? ? ? ?

WHY a certain downtown office worker don't wise up that the brass is looking for a replacement? She gets more personal calls than the joint gets business calls. She puts everybody's business in the street, and is talking herself right out of her gig, which she claims ain't really necessary in the first place cause her family is loaded. It better be, because she is about to be unloaded.

? ? ? ? ?

WHY that couple who compares and complains whenever they are invited to free-load, don't keep their sad-sacks at home, so that others can enjoy the party? It seems like they must load themselves with evil. They are welcome to make themselves as miserable as they choose, but they try to make everybody else as gloomy as they are. They just ain't human.

? ? ? ? ?

WHY the local NAACP forgot to give the VOICE any Press Passes for that Dinner Affair they had recently. They also been forgetting to give us Press releases.

? ? ? ? ?

## FIRST GRADERS LEARN "SAFETY RULES"

"Safety At School And In The Community" was the subject as Mr. Earnest Diggs, School Patrol Officer for the Clark County School District, appeared before Jo Mackey School's First Grade Social Study classes, recently, to impress upon the youngsters the importance of learning and following basic safety rules which will hold them in good stead all their lives.

Specifics with which Mr. Diggs dealt included (1) Crossing West Miller at Englestad (2) Obeying Crossing Guards (3) Care of School Property (4) Refraining from playing on roof of the school (5) Recognizing and obeying Authority (6) Proper Bus Behavior.

Mr. Diggs' comments were enthusiastically received by both students and teachers, and Mr. James T. Williams, Director of Rancho Zone, expressed the appreciation of the audience when he lauded the speech given by the Patrol Officer.

Teachers and school officials pictured with youngsters are, from left, Mrs. Bobbie Smith, Mrs. Lucille Thompson, Mrs. Ruby Goodrich, Mrs. Leota Walters, Mrs. Lucille Elliott, Officer Diggs, Zone Director Williams, Mrs. Lorraine Hall, program chairman, and principal H. P. Fitzgerald.

## Flamingo Presents Title Double Feature On TV

Championship boxing returns to Las Vegas Monday evening, March 4, via closed circuit television when the Flamingo Hotel presents two title fights direct from the new Madison Square Garden on the huge closed circuit television screen in the Flamingo's main convention hall.

Over 3,000 seats are available for the big title doubleheader sending middleweight champ Emile Griffith against ex-champ Nino Benvenuti and undefeated heavyweight Buster Mathis against unbeaten former Olympic champion Joe Frazier.

Doors will open at 5:15 p.m. with the fight program beginning at 6:15. Tickets, priced at \$7 and \$10, are on sale at the Flamingo's casino cage, the El Cortez casino cage, West Hills Lanes and Davey's Locker.

The heavyweight battle is one that has been talked about for months with two young, explosive fighters risking their unblemished professional records. Mathis, trimmed down to a solid 240 pounds from his previous high of 300, has won 23 straight fights, 17 of them by knockouts. The 205-pound Frazier has put together 19 straight victories with 17 of them via the knockout route.

The middleweight scrap is a "rubber" match between the champion from the Virgin Islands and Benvenuti of Italy. Griffith lost his title just 10 months ago to Benvenuti but took it back last September. Both title fights went the full 15 rounds.

Griffith has been a long-time Las Vegas favorite, defending his world welterweight title here three times and winning one additional non-title fight. Benvenuti will be making only his third appearance in the United States with all three in New York.

## Blues King In Concert

LOS ANGELES - (NPI)--"T-Bone" Walker, considered by many of the most colorful, energetic and expert of the electric guitarists, will appear in concert at UCLA, March 8, under the University's Chamber Jazz Series for 1968. "T-Bone", who usually shakes his audience up with his frenzied playing and antics, will be backed by a five-piece blues group.

## Job Corps Grads Prospects

WASHINGTON - (NPI)--Job Corps graduates have been found to finish their training with one of the highest unemployment rates in the country.

Twenty-nine per cent of them are out of work, according to a report by Louis Harris & Associates.

This is a higher percentage than the rate for non-white teenagers--26.4 per cent. The 29 per cent figure contrasts with 3.8 per cent unemployment among whites and about 7.6 per cent among black people, generally.

As bad off as many Job Corps graduates were, they were found to have better employment prospects, on the whole, than they did before they entered the federal anti-poverty program.

Of the 656 young men who answered the Harris report questions, about 65 per cent were in jobs, 7 per cent were in school, and about 29 per cent were out of work. Most Job Corpsmen are teenagers.

The employment rate for Job Corps graduates was found to vary from 71 per cent for those who stayed in the training centers until graduation to 58 per cent for those who stayed less than three months.

Negro and white Job Corps graduates appeared to have about the same unemployment rate.
