to be set back further than just the back of the bus. We goin' to get set back so far that it will take a 50¢ postage stamp to get the message of the happenings to Black Folks.

If all you Young Blacks start showin' some political muscle, you will get all the help you want from the Old Blacks that you say ain't doin' nothin'. You will see that us oldtimers got a lot more spring in our old butts than you imagine. We old folks ain't dead, baby. You start workin' for your young stud and we will be right there with you. Together we can make it, baby, but divided we ain't goin' to be from nothin'. If you light the fuse, we will help you make the sparks fly hot and bright. A dead man will feel 'em and a blind man will see the sparks that we can make together.

The oldtimers might have slowed their pace, but if you young bloods goose us a little, we will keep right there with you. The faster you run, the closer we will be behind you. We want to see Otis score worse than you do.

charged with that responsibility. It is a practice which has prevailed too long and one of which too many of us have been guilty too often.

When an issue arises that involves the community or even a segment of the community, sufficient communication must be made and enough dialogue ensue among those affected by the issue to make possible a representative sampling of opinion of a majority of those involved. When it is indicated that a public statement on the issue is necessary, the group could agree upon a spokesman.

Criticism of Rev. Bennett's statement that the NAACP would exert all its energy against continuation of the camp, or words to that effect, have been made. The criticism is not without justification. The NAACP is a membership organization and policy is made by the membership. Since the issue had not come before the body, there is validity to the question of Rev. Bennett's authority to make such a statement.

HOUSING BILL
WASHINGTON - (NPI)--The U.S. House of Representatives is considering the biggest housing bill in history. Approved by the House, the \$3-billion measure includes a plan to let low-and moderate income people buy homes under a federal subsidy that would help pay the interest on home mortgages. The bill is designed to help the national effort to build 6-million new housing units within 10 years.

Your professional beautician knows the answer...
Should every woman be a blonde?
Blonde hair is beautiful for those women whose natural coloring it flatters. But not everyone should be a blonde.
Expert beauticians know that complexion and hair color must complement each other to glamorize and bring out all the natural beauty that was meant to be. They also know that very coarse and dark hair often is resistant to drastic color changes. However, there's no doubt about slightly lighter hair adding excitement to a woman's appearance. And hairdressers know there is no better product to add a whole new appeal to every woman's look than Miss Clairol® haircoloring—extra rich Creme Formula or new extra easy Shampoo Formula.
Both Miss Clairol products lighten and color at once, combining vibrant new color with the natural pigment of the hair. So even those shades that look blonde on white hair (as shown on most color selection charts) give a variety of flattering red-to-golden brown shades on women whose hair was black to begin with.
Beauty salons are equipped to answer questions and help with hair color selection. Depend on your hairdresser to have the professional skills and the total family of fine Clairol products to make every woman's experience with haircoloring completely personal and glamorous. Should you be a blonde? If you don't really know, ask your expert hairdresser.
