up on their sense of 'fair play'.

You know what they are doin', baby, they are takin' a page right out of Uncle Tom's Cabin. The Voters League clique is like the house slaves, and all the rest of us 30,000 Soul folks is supposed to act like the field slaves. We supposed to be led by what the house n..... tell us to do. The house n..... meet with the candidates for office, take their loot, listen to what they got to say, and then come and tell the rest of us how we supposed to vote. That kind of leadership went out back in Abe Lincoln's days. That kind of leadership is like a covered wagon bein' the pace car at the Indianapolis Speedway. That kind of leadership ain't for us, baby.

Hear me well, Blood, we got to put an end to takin' orders from house slaves. We got to put the kiss of death on every candidate they tell us to vote for. Any candidate, White or Black, who contributes 5¢ to them political Toms, is doin' 30,000 Soul folks a dirty trick. Maybe some of the candidates don't know the happenins. Maybe they think the Voters League still belongs to the people, which it damn sure don't. First we got to warn the candidates by tellin' them like it is, and puttin' things where they are at--in the out house as far as them political whores are concerned. If the candidates don't heed after we warn them, then we will scorn them.

The cliqué don't let us know nothin' about their meetin's. They hold them in secret, and maybe that's a protective device. If they let us field slaves know about their meetin's, they might have big troubles holdin' a meetin'. They have killed a good thing, baby. We can't let them house n..... stop our progress. Let's take the Voters League and give it back to the people.
