

"PUDDIN HEAD"

Baby, they did it in Mississippi, and they did it in North Las Vegas. Now we got to do it in Las Vegas. We got to elect a Brother to serve in our city government. We got a good chance to do our thing next Tuesday, June 3, when they hold the final elections for 2 commissioners, and 2 City Judges. We got a brother runnin' for one of them two seats on the court bench.

If we all get off our rusty dusty and vote next Tuesday, we can put one of us on the bench. If we stay at home waitin' for George to do it, we all goin' to blow a chance to get even-up justice for Blacks in our City Court, and we goin' to start blowin'-off and beefin' for another four years that we ain't gettin' a fair shake at equal justice.

Baby, we won't be doin' ourselves no justice if we don't do our thing on June 3. A few of us ain't enough, it's goin' to take every single one of us to do the thing. We got to do it together or forget about movin' ahead.

Votin' is the only equal right we got, Blood, and if we don't use our votin' rights big and up tight, we ain't goin' very far, nor very fast toward the goal of gettin' some of them other rights. We got to make the best out of what we have to work with, and votin' together is what we got to do. We got to do our thing just like they did it in Mississippi. We got to vote, and we got to vote right, and we got to vote together.

If we don't turn out and vote no better than we did in the City Primary elections, we won't be doin' nothin' for ourselves but standin' in the way of our own advancement toward first class citizenship. Only 3 of every ten of us went to the polls on May 6. Three for ten might be a boss bettin' average if you are playin' ball, but we ain't playin' no games, Baby, we playin' for our very lives, and 3 for 10 ain't sayin' nothin' when you are playin' for keeps.

Vote Tuesday and vote right. We sure don't want to be second to Mississippi.

3 Interested In SBA Ventures

Three Las Vegas and North Las Vegas residents have advised The Voice of their intentions of securing SBA loans to help them establish businesses.

One potential candidate is interested in purchasing a 7-11 Store franchise. One of the interested parties wants to establish a printing and composition venture. A third party has his eye on an available gasoline establishment.

The Voice has involved itself in trying to encourage Negroes to take fuller advantage of Small Business loans, thereby making certain individual progress through their own efforts, ideas, and initiative.

Put Out My Fire

Standby firefighters needed immediately.

Applications are now being taken at the Farm and Casual Labor office of the Nevada State Employment Security Department, 323 West Bonanza Road, for forest firefighters.

Applicants must be in good physical condition and available to stay on a fire fighting job for several days. Individuals must supply their own leather ankle-length boots and field jackets. Food and sleeping bags will be furnished and pay will be at the rate of \$2.20 per hour.

Just the Facts

by Rollo S. Vest

Because Henry "P" has us more puzzled by his refusal or inability to make our new deadline schedule, we are trying to piece together something to fill this space.

Bob Bailey's secretary gives her name as Bennie, when asked. She has a rather soothing voice, an efficient air and turns out to be the third female Bennie I have met. Bennie Williams, of Chicago, is absolutely one of the prettiest girls I have ever met. And one of the best buddies I ever had. She was married to the late Tiny Bradshaw. Bennie Mitchell was a charmer too, but our friendship was not lasting.

From the way I get it, this guy Gus Guiffre took all people and all things in stride. He drew lines nowhere. They're giving him an Appreciation Dinner, June 12th, in the Sarah Space Center. On the same occasion he's celebrating his 30th anniversary married to Liz. Using the same toothpaste that long... well, he just can't be too bad.

If there are enough gals here who wear hats, and appreciate the styles and creations that California's Bill Howard creates, they just oughta get together and bring him in for a showing. I knew him from Detroit. I have usually frowned on women's likes and dislikes straddling the top of their heads, but this guy comes up with some kinda cool chapeaus.

John H. Currier is the editor of the Nevada Democrat. Ran into him the other yawning putting his off-spring to bed. I had heard this was an all-nite town but I didn't know they had any mid-night editors.

An aggressive career-type gal is lanky, fast-talking, rapid-moving Marti Davis. She's the twin of identical Mary Bishop. With half a chance you just might see a real break-through by this dynamo.

A new residence of this town is Trouble. That's the name of a tan and white Sheppard-Collie from Detroit who claims U of D sophomore Julie Vest as her possessor.

One of the most charming female mites in town is Orangia Mullen. She's the help-mate of R. E. (Moon) Mullen who is running a dead heat for City Judge. If I were a registered voter here, on the strength of this lady, I'd sure give him my vote.

We've added Rachel Bowles to our advertising staff. Take a bit of advice. If she ever tackles you, just give in, 'cause she ain't gonna turn loose. And she's got the cutest collection of freckles you ever saw.

Don't be alarmed at the absence of Dr. "Buck" West. He's in the nation's capitol. Don't know if he's trying to guide Mr. Nixon or hold out a helping hand to Edward "Ted" Kennedy.
