

We've Been WONDERING

WHY the Public Housing people have not heard anything about our water shortage? Either they haven't heard, or they just don't care. They are creating a public nuisance, as well as hazardous driving with all those small rivers running through Bronzeville gutters to say nothing about their criminal waste of precious water.
? ? ? ? ?

SOME GOSSIP FROM SMOGVILLE....

WHY Eugene "Cactus" Owen and his charming Rena, (who after 5 pm answers only to "Renee"), don't stop doing their comedy routine for free? They are the new "Butterbeans and Susie" and should turn pro.
? ? ? ? ?

WHY Napoleon "Nappy" Whiting, the "Sole Soul" in the cast of the western series, "Big Valley" is so slow on the draw when they bring the check around? We always thought that being a fast gun was the first requirement for a western.
? ? ? ? ?

WHY that very professional author, who has been very much married for a long time, don't make fast tracks for places unknown before that scorned beautician sets eyes on him again? She is likely to put a curl in his head when she catches up with him after his frantic attempt to palm her off to his buddy.
? ? ? ? ?

WHY that cat of Amos and Andy fame don't stick to his acting, and singing? He bombs as an M.C., making one feel as though he had shaken hands with a dead fish.
? ? ? ? ?

WHY the sequences of 1-3-4-5-6-8-9-14, and 31-41-44-45-46-55-56-69, are supposed to be lucky for those born in January, February and March, and 641--545--893 are lucky for Smog Towners.
? ? ? ? ?

WHY Terry (Bill-Of-Fare) Johnson, since reaching managerial status, don't exploit his talents by blasting out with one of those ballads he does so well? A combine of his good looks and strong pipes should be worth long bread.
? ? ? ? ?

WHY Al "Room At The Top" Gragg don't seem to dig the meaning of those chicken shack signs that read "Try Us On For Thighs"? They mean chicken and not chick, Al.
? ? ? ? ?

WHY those who are running into foul weather on the sea of romance don't follow the chart that Andrew "Mac" McDaniels courses when he attends to the every need of his Soul Mate, Ruby, and turns her on like the lights on Fremont Street with those sweet tidbits he whispers in her ear.

Mm, Mm GOOD! SAYS TONY McCORMICK

Tony McCormick, CEP Job Developer, is being spoon-fed by one of the trainees in a program devised to train and cultivate the culinary arts. Chef Max Weber approvingly smiles his approval as another trainee gets an eye-full of the camera. Dorothy Johnson, Food Editor of The Voice, gives a complete report on this program in our next issue. (Editor's note: The unidentified trainees are Clarence Marshall and Carolyn Blanche)
