operate tourist information centers on Nevada highways.

We have also instructed our attorney to research the legal avenues open to us in our battle against the new hotel-motel room taxes as ordained by the County Commission, and report to us as soon as possible."

The action against the state pertains to the lease agreement as authorized by Assembly bill #419, which was signed into law by Governor Paul Laxalt during the last session of the legislature.

Pesner explained that the association's action will test the constitutionality of the legislative act, and the fact that this contract was not advertised to bid by the State Highway Engineer, who was authorized by the legislation to enter into this contract.

"We do not think it is right for the state to enter into such an agreement with private enterprise, without putting it out to bid," he added.

Publishing Notice

Churches, organizations, groups, clubs and others submitting items to the Las Vegas Voice are asked hereafter to get their articles in immediately following the event involved.

Our staff finds it necessary to issue this request in order to give the fullest attention to the largest number of contributors.

We are certain you will give your fullest co-operation to this request.

B & M TRANSMISSIONS
