

"GOOD TIME, VEGAS"

with Foster Johnson

The entertainment capital of the world is also the bargain center of talent viewing. For no other city on earth offers so much, to so many, so conveniently.

In a matter of minutes in 90% nice weather, one can go from the Flamingo Hotel where currently starring in her usual Regal manner, is the "1st Lady of Song," ELLA FITZGERALD.

Here is truly the most remarkable singer in the entire world of show business. If you haven't sat and watched ELLA perform, you should go to any reasonable extreme to see and hear her, now. Highlighted in her show is the groovin', movin', hilarious and spectacular father and sons act, "Hines, Hines and Dad." They're show stoppers everywhere they appear.

Fats Domino headlines his own Revue in the Lounge at the Flamingo.

O.k.! So, now we "split" across L.V. Blvd. to Caesars Palace where we find the talented and totally exciting EDIE ADAMS, the MURIEL CIGAR (why don't you pick one up and smoke it sometime) girl doin' her thing, which, believe you me, "is a good thing," because EDIE is completely and positively, "off into another thing." You must see her if you can work it into your program...On the bill with her and pushing her for audience favoritism, is the indomitable, destructive, exhilarating and hilariously humorous WOODY ALLEN, actor, producer, director, comic, star of stage, screen, television and life. You will surely enjoy his great performance.

The establishment, as it is commonly referred to, is rejected by many elements of our society, but the "ESTABLISHMENT" which is part of WOODY ALLEN'S and EDIE ADAMS' show is as "IN" as you can get. They are 10 people, welded together into one of the finest vocal groups you can ever expect to hear. They are with it in the "MOSTFUL" fashion. By all means try to "dig on this ESTABLISHMENT" ...five "boss" chicks and five "groovin'" dudes....

If you can possibly resist the glamour and glitter of Caesars gaming casino, quicker than you can say supercalifragilistic expialidocious ten times forward and five times backward, you will arrive at the International Hotel, and be among the 1st "Night Lifers," in 25 years, to see the phenomenal GENE KELLY, starring, naturally, in "The Wonderful World of Girls" 50 of them, and featuring RUTH BUZZI, from "Laugh-In," Kay Medford, Academy Award nominee for her role as Barbara Streisand's mother in "Funny Girl," singer CHANIN HALE from the "Red" Skelton show and a stageful of beautiful dancers and showgirls.

Also at the International we are taken completely "out of it" by "The king of Party Records", the most natural and spontaneous laugh-maker in the business, REDD FOXX, who shares the spotlight and honors with the "way out" IKE and TINA TURNER revue, which has a lot to offer in the way of making your trip to see them worthwhile. Also appearing at the International Hotel, is the musical comedy revue hit of the present age, "HAIR"...(and by the way), the producers of "HAIR," and the staff of the LAS VEGAS VOICE, are working on a project to bring together the cast of "HAIR" and the black people of Las Vegas.

It will probably be done at Doolittle Center. Date to be announced in our next issue. This is all a part of the plans of the VOICE to acquaint the Westside with noted visitors to our town and to acquaint the visitors to our town, with the Westside.

There is always some soul to be found on the "STRIP", and often it is in someone not generally considered to be a "SISTER" or a "BROTHER."

For example, there's a chap rehearsing now with a show soon to open on the Strip, and his favorite spot to visit is the "COSMO LOUNGE" in the Moulin Rouge Hotel, where he never refuses to sing when he is introduced...And this dude can sing--for days. He is another (pardon the expression) white, "SOUL BROTHER"... I hope he remains groovy after he becomes successful??? His name is "BUDDY" WRIGHT. The backbone for BUDDY and all the other outstanding artists who drop by the "Fun House," the COSMO LOUNGE to do their thing, is LOUIS CACHERE and his great trio. They are

an attraction themselves, so everyone else is added. You will find the "COSMO" to be the downest, coolest, most relaxed atmosphere in LAS VEGAS; A spot you must make a habit....

It's a habit with me and I stop by as often as possible to "DO MY THING" and to aid and abet others in doin' theirs....

Sonny Liston, Redd Foxx, Bardu Ali, Chappie Johnson, The Bass Bros., Don Gloude, Lonnie Walker, Susan Shaw, Fred Shaw and Tony Hanna are among the many famous names and personalities to be seen frequently at the "COSMO LOUNGE." The Wednesday night "SOUL SUPPERS" are "just too much"!!! Ham hocks, pig tails, pig ears, greens, peas and beans, candied yams, cornbread and many other "SOUL DISHES" are the regular attraction graciously offered, at no charge, by your host, Mr. Lyles.

Mr. Lyles, likes to see everybody happy... There will be many delightful surprises in store for you as the days and weeks roll along at the "COSMO LOUNGE."

"GOOD TIME, VEGAS" must say good night for now, but we will be on hand to bring some "GROOVE" into your happenings, steadily...
