
BILLY ROWE'S
NOTEBOOK

JOE LOUIS AHEAD ON POINTS

Joe Louis' marvelous attorney wife, Martha, sounds more encouraging with each weekly report on the state of his mental health. The immortal heavyweight is responding to treatments and is spending longer week-ends at their home in Denver. The bash in his honor in Detroit is taking on the necessary importance with both the Gov. of the State and the Mayor of the City readying proclamations to mark Aug. 12th as all his. However there has been no word as to what goes with the request, from some fifty Motor City wheels, to Pres. Nixon asking him to have the former champ's tax debt marked paid for services to mankind. Did Roy Bowe, the black golf pro from Paradise Island in the Bahamas, have trouble entering the just concluded British Open? For true he did have problems getting over thar when his PanAm 747 developed problems and had to return to JFK where he, his wife and kids were grounded over nite.

While on that subject be it recorded that some of PanAm's most loyal black travelers will ask its management to include black duffers in its plans for "Holiday 913" as arranged by Wide World Golf Tours. Players will be able to tee-off on courses in Hawaii, New Zealand, Australia, Scotland and Ireland. Golf star Tony Jacklin has been retained by the airline as official consultant. Hope is that Roy Bowe or Pete Brown will be added to integrate the tee-off. Illinois and Barbara Jacquet's lovely daughter Pamela, who will become Mrs. Haywood H. Davis Aug. 8th in St. Patrick's Cathedral, is carried away by her first wedding present. It's a ranch style house from the parents of the groom in North Carolina. Freedrom bank's exec-veepee, Irving Altman, will Aug. vacation in Kyota, Japan, a cab jump from Expo-70. Lovely Janitt Scott is doing her thing for Estee Lauder and has been assigned to the Eastern Seaboard beauty scene.

John Young has told friends he's waiting for a dedication declaration from Congressman Adam Clayton Powell before he declares for his re-election. At the same time Harlem's middle class, whatever height you name, is still going all out for Assemblyman Charles Rangel in his bid to un-seat the veteran Rep. The summer set at Sag Harbor has set up a swingin' Comm. of Friends to raise funds to help Senator Basil Paterson become the State's first black Lt. Governor. Familiar names among them are Tommie and Goldie Day, Alma Wright, Dr. Oliver Holder, Ray Parks and Pearl Gray. Around the side-walks of N' York Assemblyman Hulan Jack and former State Rep. Lloyd Dickens are beating monied bushes for cash to aid the same noble cause.

Agent Robert Jackson is ear-ing the notes as he listens for the right sounds to cast a tenor and three sopranos to head a European revival of Goe. Gershwin's "Porty and Bess". "Millionaire Chauffer" Roosevelt Zanders, who just won 5-G's in the state lottery, is trying to add to that sum with a suit against the producers of "Cotton Comes to Harlem." He's accusing them of doing \$1,700 worth of damage to his Rolls-Royce and only giving him 900-bucks. A tremendous legal battle is in the making over the estate of the late Dr. Shag Hogan. The will leaving the bulk of everything to his "girl friend" and son out of wedlock is being ignored as it was unsigned according to the report and most of his papers can't be found. The Labor Day holiday bash being planned by Ronnie Holly for Freeport, Grand Bahama is something else again. Sammy Davis, Jr's next benefit will be for SCLC's Andy Young whom it is hoped will be the next congressman from Georgia. The H'wood NAACP has asked all black deejays to refuse to spin the wax works of black superstars whose white press agents have no black member on staff. Clarence C. Finley, who last week became the first brother to be named president of a division of a billion dollar corp., was in Europe when the announcement was made. He's the new head of Monticello Carpet Mills and Charm Tred division of Burlington Industries, carpet manufacturers.
