THOUGHT FOR THE DAY

I Am Bountifully Supplied

That I may cause those that love me to inherit substance; and I will fill their treasures - Proverb 8:21.

Life fills all space and spirit animates every form. But, since you are an individual, even the spirit cannot make the gift of life unless you accept it. Life may have given everything to you but only that which you accept is yours to use.

Turning from every objective fact to the Divine, which is within you, is turning from condition to cause, to that realm of absolute being which, through self-knowingness, creates. Thus the spirit come to self-fulfillment in everything through the manifestation of this power within you.

You can project any objective experience which you may legitimately desire. Be certain that you are accepting this, that you are living in joyous expectation of good, that you are accepting abundance.

What's keeping you from looking good?
Wrong hair color?

Beauty experts will tell you—the perfect hair color for you may be just a shade away from your natural shade. It depends on your complexion, your eyes and the way you use make-up.

Hairdressers know that dark or thick or coarse hair is resistant to drastic color change. But, even a very slightly lighter shade adds excitement to a woman's appearance. And the professional hairdressers also know there's no more natural way to change hair color than Miss Clairol® haircoloring.

Miss Clairol lightens and adds color at the same time (and also covers gray). This means the resulting color is a combination of your own hair and the color you choose. Generally, dark exotic browns and blacks are most flattering on darker skin tones... and golden or red shades are more beautiful on lighter tan complexions.

If you're thinking of changing your hair color, go to the experts. Professionally trained hairdressers have the whole family of fine Clairol products and the know-how to make your experience with haircoloring an exciting adventure. So whether you go brown, gold, redhead or deep black, just keep on looking good!
