vice must be provided.

3. For all packaging, invest in good quality, sturdy wrapping materials. This small investment can help insure undamaged delivery of valuable gifts and prevent delays which might result if rewrapping were required in transit.

4. In sure parcels realistically to cover full value but do not overinsure. A \$10.00 gift for example, can bring only \$10.00 compensation, if lost, even if "insured" for \$1000.

5. Get plenty of stamps on your first trip to the post office to avoid the time and expense of additional trips.

6. Use AIP Code as a tool for economy in mailing. When it is used consistently on parcels and cards, ZIP Code helps prevent errors in delivery and expedites handling. If only a few Christmas cards go astray, an investment of several dollars may be lost, for example.

"The key to efficient Christmas mailing, Mr. Travers commented, "is to mail early and carefully. Clear addressing with the ZIP Codes, proper packaging and early depositing can prevent most problems and provide the greatest value for money spent for postage," as "PAL" (Parcel Airlift) mail, provided they are mailed by November 27. The charge is only \$1.00 per parcel, plus the regular domestic parcel post postage, much less than charges that would apply later is straight airmail ser-

VETERANS ADMINISTRATION

The Veterans Administration announced today it will finance mobile homes for veterans and servicemen starting Dec. 22.

Administrator of Veterans Affairs Donald E. Johnson said PL 91-506, which President Nixon signed Oct. 23, authorized VA to guarantee or make direct loans for this purpose.

Earlier this year, the President's Committee on the Vietnam Veteran, of which Johnson was chairman, recommended legislation on mobile home financing. The committee said the legislation was needed to provide "low cost housing for low and moderate income veterans."

The law which provides financing for mobile homes also restores expired G.I. loan benefits to some 8.9 million World War II and Korean Conflict veterans. The law also preserves these benefits for all veterans who served after Jan. 31, 1955 until they are actually used.

Another provision eliminated the .5 per cent funding fee VA formerly required Post Korean veterans to pay on guaranteed and direct home loans. It was emphasized this provision does not affect loans made before Oct. 23, the date the bill was signed.

The law also makes direct loans for specially adapted housing available to seriously disabled veterans in all parts of the country.

The VA Administrator noted these specific provisions of the law on the financing of mobile homes:

*Establishes a special mobile home loan guaranty or direct loan benefit for veterans and servicemen who have not previously used any of their \$12,500 home loan guaranty eligibility to purchase conventional homes.

*Provides that if a veteran or serviceman uses his mobile home loan entitlement, he may not otherwise use his \$12,500 home loan entitlement until he has repaid the mobile home loan in full.

*Provides that VA may approve loans up to a maximum of \$10,000 for mobile home, and up to \$17,500 where a suitable lot to place the mobile home is purchased.

*Provides that the VA may guarantee up to 30 per cent of the loan for a mobile home, but use of this guaranteed or direct loan benefit does not reduce the veteran's or serviceman's \$12,500 guaranty entitlement.

While emphasizing VA has not had experience in loans for mobile homes, officials expect about 13,000 loans to be made during the first year of the new program.
