

CANDIDATE FOR NAACP PRESIDENCY

Robert Archie, Attorney-at-Law, Assistant Public Defender for Clark County, and Chairman of the NAACP Legal Redress Committee, was officially nominated by the NAACP nominating committee for the office of President of that organization on November 8, of this year.

From 1959 to 1967 Archie served on the staff of Senator Howard W. Cannon. During the last two years of this employment he served as Senator Cannon's legislative assistant. During 1965 he took a six months leave of absence from Cannon's staff to work for the Office of Health, Education and Welfare, Office of Education, as a civil rights compliance officer. He was employed by the Office of Education to bring about compliance with the 1964 Civil Rights Act, to desegregate schools in Texas and Louisiana. He has served on active duty in the United States Army stateside and in the Republic of Viet Nam. He saw service in Viet Nam as a Civil Affairs Detachment Commander and as a Staff Judge Advocate (lawyer) for the 26th General Support Group, I Corps, Viet Nam. He is a recipient of the Bronze Star for actions against hostile forces and presently holds the rank of Captain in the Army Reserve.

Robert Archie is a member of the Nevada Bar Association, Federal Bar Association, Nevada Chapter, and he is general counsel for the Young Democratic Clubs of America.

On Sunday, November 15, 1970, Archie spoke before the Nevada Voters League. At this meeting he discussed in detail the requirements for making the Nevada Voters League a political force to be reckoned with in Clark County. He discussed various methods for increasing the membership of the organization and the reasons why we should solicit and groom candidates for public office from within our own community. Archie spoke to an issue that concerns the vast majority of West Las Vegas--militancy. He indicated that true militancy requires discipline, intelligence and for people of purpose to stick to it on a day to day basis. He indicated that anyone could be a sunshine militant, anyone can throw a Molotov cocktail but it takes people with strong wills and perseverance to work at a program for years and years before it bears fruit. The true art of political action and social change is exercised through use of the recognized political machinery to effectuate desired political changes needed in the environment in which you live.

What's keeping you from looking good?
 Damaged hair?

Over-processing isn't the only cause of damaged hair. All hair can be hurt by exposure to sun and extreme weather. Or by improper use of harsh chemicals or greasy compounds... or even just brushing your hair without a natural bristle brush.

The beauty experts know how important natural "lubricants" are to your hair—they give it body, lustre and protection. Artificial bristles actually brush away the lubricants... the sun burns them away... chemicals dry them away. And before you know it, you have damaged hair—split ends, brittle, breaking, dry or dull, limp hair.

Now you can bring your hair back to beautiful. Trained beauticians know Clairol **condition**—The Beauty Prescription for Troubled Hair. It softens split ends. It makes dry, dull and limp hair silky, shining and stronger. Takes just two minutes (for Instant Lotion) or a few more minutes (for the Beauty Pack).
