An ingenious device developed in the early 19th century produced exquisite carpets of extra thickness and durability. Today, only Sears weaves a carpet by this time-consuming process. But we know it's well worth it. Customers don't have to worry about unattractive carpet wear on stairs. Or about a new carpet looking old within a few years. Tough Acrilan acrylic pile even stands up to children's rough play! And resists soiling and staining, too! Elegantly patterned, it comes in 9 rich colors and blends.
