THOUGHT FOR THE DAY

"O master workman of the race, thou man of Galilee, who with the eyes of early youth, eternal things didn't see. We thank thee for thy boyhood faith that shone thy whole life through. Did ye not know it is my work, my Father's work to do?"

"O carpenter of Nazareth, Builder of life divine, who shapest man to God's own law, thyself the fair design, build us a tower of Christ like height, that we the land may view, and see like thee, - our noblest work Our Father's work to do.

"O thou who doest the vision send and givest each his task, and with the task sufficient strength, show us thy will, we ask. Give us a conscience bold and good. Give us a purpose true, that it may be our highest joy Our Father's work to do."

What's keeping you from looking good? Wrong hair color?

Beauty experts will tell you—the perfect hair color for you may be just a shade away from your natural shade. It depends on your complexion, your eyes and the way you use make-up.

Hairdressers know that dark or thick or coarse hair is resistant to drastic color change. But, even a very slightly lighter shade adds excitement to a woman's appearance. And the professional hairdressers also know there's no more natural way to change hair color than Miss Clairol® haircoloring.

Miss Clairol lightens and adds color at the same time (and also covers gray). This means the resulting color is a combination of your own hair and the color you choose. Generally, dark exotic browns and blacks are most flattering on darker skin tones...and golden or red shades are more beautiful on lighter tan complexions.

If you're thinking of changing your hair color, go to the experts. Professionally trained hairdressers have the whole family of fine Clairol products and the know-how to make your experience with haircoloring an exciting adventure. So whether you go brown, gold, redhead or deep black, just keep on looking good!
