THOUGHT FOR TODAY

ON THE WINGS OF YOUR PRAYER

Just close your eyes and open your heart and feel your worries and cares depart.

Just yield yourself to the Father above and let him hold you secure in his love---For life on earth grows more involved with endless problems that we can't solve - but God only asks us to do our best. Then he will "take over" and finish the rest -- so when you are tired discouraged and blue I can hear Peter saying "Casting all your cares upon him (The Lord Jesus) for he careth for you" (I Peter 5:7). There's always one door that is open to you - and that is the door to the house of prayer, and you'll find God waiting to meet you there ...The house of prayer is no farther away than the quietest spot when you can kneel and pray. For the heart is a temple when God is there as we place ourselves in his loving care...and he hears every prayer and answers each one when we pray in his name, "Thy will be done" and the burdens that seemed too heavy to bear are lifted away, on the wings of prayer.

Your professional hairdresser knows the answer...

How do you keep a 'Fro free from problems?

An "afro" or "natural" looks best when every strand of hair stands independently full and attractively healthy. But, kinky or frizzy hair mats and tangles easily and can break off in everyday combing. Because professional hairdressers realize this most of them use Clairol condition--The Beauty Prescription for Troubled Hair... as well as Clairol Hair-So-New, the no rinse creme rinse for general softening.

They know condition* leaves dry hair shiny and plump. What's more, it silken and helps mend split ends. Hair is left stronger to withstand even chemical straighteners and the picking method of combing an "afro." A condition* treatment only takes a few minutes. And you can feel the difference in your hair right away.

For easy combing most professional hairdressers soften the hair first with a product like Hair-So-New. It temporarily relaxes hair so tangles and snarls quickly go away and scalp feels soothed. Combing is easy... and fewer ends are broken.

When you wear your hair in a "natural," you'll want it to look beautiful. The more beautiful it is, the better it expresses your black identity. That can be a proud distinction. But, whether you wear your hair "naturally" or straightened, see your professional hairdresser about giving you a treatment with Clairol condition* and Clairol Hair-So-New. You'll be so glad you did.
