## THOUGHT FOR TODAY

### TWELVE KEYS TO GOD'S RESOURCES

Twelve keys to God's Resources provided in his book, just use these keys each day, and always to him look, for God still rules this world.

He knows what are our needs, He's ready to supply them, when we use these twelve keys.

Knowledge, Faith, and prayer, obedience to his will; then strong determination, and faithfulness until we've won this world for Jesus and every name proclaims he is the king of kings, all glory to his name!"

Hope, patience and good will; and then the Golden Rule, to these add love and joy. It will make life rich and full. Twelve keys to God's Resources will always bring you through, they'll give you victory in everything you do.

Your professional hairdresser knows the answer...

### How do you keep a 'Fro free from problems?

An "afro" or "natural" looks best when every strand of hair stands independently full and attractively healthy. But, kinky or frizzy hair mats and tangles easily and can break off in everyday combing. Because professional hairdressers realize this most of them use Clairol condition\*—The Beauty Prescription for Troubled Hair... as well as Clairol Hair-So-New®, the no rinse creme rinse for general softening.

They know condition\* leaves dry hair shiny and plump. What's more, it silken and helps mend split ends. Hair is left stronger to withstand even chemical straighteners and the picking method of combing an "afro." A condition\* treatment only takes a few minutes. And you can feel the difference in your hair right away.

For easy combing most professional hairdressers soften the hair first with a product like Hair-So-New. It temporarily relaxes hair so tangles and snarls quickly go away and scalp feels soothed. Combing is easy... and fewer ends are broken.

When you wear your hair in a "natural," you'll want it to look beautiful. The more beautiful it is, the better it expresses your black identity. That can be a proud distinction. But, whether you wear your hair "naturally" or straightened, see your professional hairdresser about giving you a treatment with Clairol condition\* and Clairol Hair-So-New. You'll be so glad you did.
