THOUGHT FOR TODAY

JUVENILE DELINQUENCY

We read in the paper and hear on the air, of killing and stealing and crime everywhere. We sigh and we say, as we notice the trend, "This Young Generation, where will it end?"

But can we be sure that it's their fault alone? That maybe a part of it isn't our own? Are we less guilty, who place in their way, too many things that lead astray?

Too much money to spend, too much idle time, too many books not fit to read. Too much evil in what they say, too many children encouraged to roam, too many parents who won't stay home. Children don't make movies, they don't write the books, that paint joy pictures of gangsters and crooks; they don't make the liquor, they don't run the bars, they don't peddle drugs that addle the brain.

That's all done by older folks, greedy for gain. Delinquent teenagers, oh, how we condemn, for in so many cases, it's sad, but true, the title "Delinquent" fits older folks too.

Teach your children the plan of salvation and how to obtain the new birth that they may be filled with the fruits of the spirits. (Gal: 22-23) instead of idle thoughts.

A two week vacation Bible school held at Mt. Olive Baptist, ended July 14. Many children accepted Christ as their savior during the two week session. Appreciation is extended to everyone who helped make the Bible school possible for the children. Refreshments were provided by Anderson and Arden Dairy's, and many parents who took time to help transport the children to and fro.

To Churches, Organizations
And Students*

Your professional hairdresser knows the answer...

Was haircoloring first done in Africa?

Centuries ago in Africa (before it was explored by Europeans) beautiful black women used herbs and other ingredients to change the color of their hair. It was one way to complement their dark rich complexions... to accent their natural warmth and beauty. Whether or not Africans were the first to use this method, no one is sure. Yet, they are among the first in terms of recorded history to go through the then-tedious process of coloring their hair.

Today changing your haircolor can be as quick and as brief as a visit to your professional hairdresser. That's because many professional hairdressers use Miss Clairol® Hair Color to lighten hair, to make slight color changes and to cover gray. Hairdressing experts know that exotic blacks and browns are generally gorgeous for darker skin tones. Golden or red shades are stunning for lighter tan complexions.

Today black pride brings you closer to the cultural ways of your African heritage. Haircoloring is a part of black history too. Ask your professional hairdresser about changing your hair color with Miss Clairol... and be more beautiful than you already are.
