

Welfare Mothers March On Governor's Office

Why are we here today? We have been to the County Commission. We have been to the Clark County Legislative Delegation. We have been to the Interim Finance Committee. We have exhausted our administrative remedies. Now in the democratic spirit of America, we directly petition the King for relief.

We have shown and the Courts have said that the Welfare Department is once again engaging in illegal conduct. But this time, it not only hurts the poor--it also steals from all taxpayers. The people of Clark County; the businessman, the worker--everyone is being deprived of millions of federal dollars. We want to know if the Governor is going to be a partner in this illegal

conduct. We do not believe that the Governor will protect George Miller when so doing will cost Nevadans millions in tax dollars and lost revenues. The Welfare Division has bankrupted Clark County and next Washoe--what county after that?

Every taxpayer should be angry when the State piles up a welfare surplus as the County goes broke. This type of politics at the expense of innocent hungry children is a crime.

We want action. Today we have again offered a planned solution. We want an answer.

If the Governor cannot respond to the just needs of the poor and the taxpayer, we will have no choice other than using more creative means to bring justice to Nevada.

Ultimately, the people must prevail.

LOCATE YOUR BIRTHDAY IN THE SECTIONS BELOW, AND SEE YOUR PERSONAL OUTLOOK ACCORDING TO THE STARS.

FOR WEEK AHEAD JAN. 25, 1972

(ARIES March 21 to April 19) Your watchword this week, is "DECISION". Aries. You're launched into the New Year with a good start as long as companionship doesn't interfere with duty! Romantic decisions aren't quite ready for final evaluation, Aries. Give yourself a little while longer, due to practical needs.

(TAURUS April 20 to May 20) Your watchword this week, Taurus, is "CHANGE". This week is productive and brings changes concerning friends, influential women, affairs of the heart and own success. All these matters should be set in motion, early in the week, Taurus for best success. You can accept change if not rushed!

(GEMINI May 21 to June 20) Your watchword this week, Gemini, is "FINANCIAL". Activity (with friends, backers, finances) is stepped up this week, Gemini. Many decisions (which you don't necessarily care to make) are being forced upon you. Trust your own judgment, for changes and decisions about money, favor you now.

(CANCER June 21 to July 22) Your watchword this week, Cancer, is "SECRET". Expansion programs are developing behind the scenes, this week, Cancer. Old secret restrictions improve and allow you more scope in personal development, study or handling own affairs. Originality in handling others or situations, pay off.

(LEO July 23 to August 22) Your watchword this week, Leo is "LUCK". There's a lot going on in the background of your life, this week, Leo, that could bother you if you were aware. But you've got your head in the clouds, and luck favors you, so why get involved? Refuse to discuss pessimistic things, think positively.

(VIRGO August 23 to September 22) Your watchword this week, Virgo is "CORRECTION". The saving grace to your critical appraisal of life, this week, is the fact that you also submit a CONSTRUCTIVE way to correct errors. Virgo! One must go with the other if permanent GOOD is to result. You're finding ways and means and the wherewithal too!

(LIBRA September 23 to October 23) Your watchword this week, Libra is "ORGANIZATION". Concentrate upon getting your life in order, Libra. Helpers may be slovenly and you'll have to pay the price for their slipshod methods of workmanship. State the facts, in simple language and don't mince words. No time for social-decorum when another fails!

(SCORPIO October 24 to November 22) Your watchword this week, Scorpio is "ACHIEVEMENT". Contact important people related to your desires this week, Scorpio. Business contacts can make or break you (depending on whether you insulted them in recent past.) Use your shrewd judge of human nature in selection of co-workers. Goals are in sight now!

(SAGITTARIUS November 23 to December 21) Your watchword this week, Sagittarius is "BUILDING". Make sure foundations under present life, projects or relationships are SECURE this week before you build on top of it. The roof can be beautiful but cave in, if the foundation's weak, Sagittarius. Do things right the first time around and save energy!

(CAPRICORN December 22 to January 19) Your watchword this week, Capricorn is "BUSY". Enjoy relatives, short journeys and your own work, as much as possible in this busy week, Capricorn. Don't get too upset when a young person turns to you for advice and above all don't put material things ahead of human relations. Take time to listen.

(AQUARIUS January 20 to February 18) Your watchword this week, Aquarius is "PLANNING". This isn't what you do best, "planning", Aquarius, but if you allow time for preparation your end-results will magnify in success. Concentrate on competition this week and project your affairs with confidence, (built upon preparedness) in fine details now.

(PISCES February 19 to March 20) Your watchword this week, Pisces is "SUSPICIOUS". Don't operate on the negative, suspicious side of status-quo, this week. Gloom could catch up with you and undermine your sensitiveness, Pisces. Be objective, if not cheerful. Newcomers in home life can upset routine, take these temporary changes in stride!
