

JOB CORPS TO START SICKLE CELL TESTING, EDUCATION PROGRAM

The Labor Department's Job Corps, with the aid of the Department of Health, Education, and Welfare, is mounting a major effort to provide diagnostic screening for the blood condition called sickle cell.

Secretary of Labor J. D. Hodgson and HEW Secretary Elliot L. Richardson announced today that a program of blood testing, counseling, and education will be set up at all of the Job Corps' 65 residential training centers which enroll about 30,000 black youths.

Sickle cell is an inherited blood problem which primarily affects black people and in some rare instances whites. About 2 million black Americans have sickle cell TRAIT, a mild form. About 50,000--one of every 500 blacks--is born with the much more serious sickle cell ANEMIA, a chronic crippling disease which shortens the lives of its victims.

The program is responsive to President Nixon's special emphasis on sickle cell in his major health message this year in which he noted the historical neglect of this condition and said: "We cannot rewrite this record of neglect, but we can reverse it."

It is estimated that 3,000 to 3,500 youths entering the Job Corps next year would have the sickle cell TRAIT, making it the most common preexisting medical condition in Job Corps.

The new approach for coping with sickle cell will be integrated with the Job Corps' comprehensive medical care service provided all Corpsmen.

the full knowledge of the Security officers. The Commissioners have looked the other way and have not used that rule to have a Show Cause hearing on these big hotel operators. Why did they use trumped up charges this time.

While we support Law and Order, we place Justice as equally important. We subscribe to the equal protection doctrine as well as equal administration of Justice.

What seems lost in the case is one big glaring fact.

It means that for whatever reason personal or not Any licensee might have pressure of a Show Cause hearing put them.

This gives to much power under Law and Order and could lead to abuses, that would cost Businessmen more money over or under.

Long expensive hearings such as this one, take more taxpayer dollars.

And in this case a Show why hearing should be held to determine who is responsible for the waste of tax dollars.

Because even if everything the police officers said had been true, there was not a just cause for a hearing, before routine steps and complaints had been filed.
