

## U.S. Civil Service Commission

The State of Nevada will receive a Federal grant totaling \$14,444, it was announced today by Governor Mike O'Callaghan and A. T. Briley, Director of the San Francisco Regional Office of the United States Civil Service Commission.

The grant will fund an examination research project in the State Personnel Division aimed at validating tests used in screening applicants for public service jobs. Nevada will join in an interstate compact with California to work cooperatively on this project.

The development of valid tests directly related to job tasks should improve selection of employees and subsequently, services to the public. It is expected that the acquired expertise will be used to assist other jurisdictions in the State in similar projects.

The grant is made under the Intergovernmental Personnel Act of 1970, a new Federal effort to assist state and local governments. Focus of the grants is on improving personnel systems and providing training for employees.

## Registrar Of Voters

Word has been received from the Attorney General's office that, effective immediately, the residence requirement in the State of Nevada for the purpose of voting has been reduced to 30 days in the state and county, and 10 days in a precinct. However, previous qualifications concerning citizenship, age, etc. remain the same.

This announcement has been made by Stan Colton, Registrar of Voters.

Brown has been a counselor at the college for the past year. During 1969-71, he taught at Western High School in Las Vegas and prior to that was an instructor at Harris Junior College in Meridan, Mississippi.
