## Abdul'-Baha Speaks On Divine Love

Abdul'-Baha, son of the prophet founder of the Baha'i Faith, Baha'u'llah, gave this wonderful and lifting speech at Green Acres, Maine, in August of 1912.

....Consider and observe how the bestowals of God successively descend upon mankind; how the divine effulgences ever shine upon the human world. There can be no doubt that these bestowals, these bounties, these effulgences emanate from love...The phenomenal world through the resplendent effulgence of the sun is radiant and bright. In the same way the realm of hearts and spirits is illumined and resuscitated through the shining rays of the Sun of Reality and the bounties of the love of God...

Consider to what extent the love of God makes itself manifest. Among the signs of His love which appear in the world are the dawning points of His manifestations. What an infinite degree of love is reflected by the divine manifestations toward mankind. For the sake of guiding the people they have willingly forfeited their lives to resuscitate human hearts. They have accepted the cross to enable human souls to attain the supreme degree of advancement. They have suffered during their limited years extreme ordeals.

...All the divine manifestations suffered, offered their lives and blood, sacrificed their existence, comfort and all they possessed for the sake of mankind. Therefore, consider how much they love. Were it not for their love for humanity, spiritual love would be mere non-enclature. Were it not for their illumination, human souls would not be radiant. How effective is their love! This is a sign of the love of God...

...Were it not for the love of God all the spirits would be inanimate. The meaning of this is not physical death; nay, rather, it is that condition concerning which is flesh; and that which is born of the spirit is spirit. Were it not for the love of God, the pathway of the kingdom would not be opened...

...Were it not for the love of God the divine prophets would not have been sent to the world. The foundation of all these bestowals is the love of God. Therefore, in the human world there is no greater power than the love of God. It is the love of God which has brought us together here tonight....

## New CCDS Teacher To Address Minnesota Administrators

A teacher recruited to the Clark County School District this year because he specializes in helping children with severe learning problems has been invited to address the Minnesota School Administrator's Association in St. Clair August 16-18.

John G. Mormon, who will teach at Madison Elementary this fall, has been lecturing and consulting on education for students with learning difficulties for ten years, the last two of them under a special program at Ohio State University.

He says he was attracted to Las Vegas after visiting relatives here for many years, and his application for employment was sifted from more than 5,000 completed files because of his success with disadvantaged children during eight years of teaching on Long Island, New York, according to school district personnel officials.

"Mr. Mormon is the kind of teacher still hard to find despite the growing teacher surplus," according to school district assistant personnel manager, Charles Silvestri. "He has a proven record of success with students where schools have been failing for years."

So far 285 teachers have been offered contracts by the Clark County School District. They have been chosen from more than 9,000 inquiries and more than 5,000 completed applications for employment.
