10. A Youth Activity Center

Operation Life has acquired the former Cove Hotel, and is in the process of cleaning and re-furnishing the premises with volunteer community labor and the summer N.Y.C. Program. However, volunteer workers cannot furnish the start-up cash Operation Life needs for:

UTILITIES, INSURANCE, PAINT, WINDOW GLASS:

Professional services are needed for: THE ELEVATOR, AIR CONDITIONING, PLUMBING, ELECTRICITY, REFRIGERATION, LOCK SMITH and BURGLAR ALARM

A basic operating staff, office and classroom furniture, either new, used or rebuildable.

Operation Life was formed as a non profit corporation under the Laws of the State of Nevada, and has applied to the Bureau of Internal Revenue for tax exempt status, so that your gifts will be tax deductible. Operation Life has already furnished extensive services to the community by simply opening the doors of the Cove, and furnishing a target upon which the mentally deficient can vent the spleen of their warped minds, for in no other community would these misfits be able to trespass, break and enter, commit malicious, mischief and produce foul graffiti without risking their life. At least two of the illegal activities listed above could result in their being shot to death by security guards. Operation Life will continue to move toward it's constructive goal in the interest of better community services, but remain grateful to the destructive element for making us aware of the types and depts of the Mental Health Programs needed in the Black Community.
