St. James The Apostle Catholic Church
821 North "H" Street
Las Vegas, Nevada 89106

Dear Father Franzinelli:

Please view this letter as a note of thanks for your effective efforts to help provide a better educational opportunity for the children in the Westside Community.

I am sure that the parents of the children involved in the "tuition free" summer school program at Madison School have seen a positive change in their children's educational advancement. The likes of this program is especially needed since the State Department of Education does not allocate funds for summer programs. This means that needy students would have to pay their own tuition, which they cannot afford, in order to attend summer school.

In view of the amount of money you have raised and the interest you generated in some of the banks in Clark County to help our needy students -- again, I thank you. I hope that other spiritual leaders in the community would plan for a similar activity next summer.

Sincerely,

Claude G. Perkins
Assistant to the Superintendent

would remain in their neighborhood schools; while Black children would be bused away from their neighborhood schools for five years.

Many Black parents expressed a desire to get their children in school by any possible means, altho they objected to the Sixth Grade Plan. Just how long and how much damage will be done because of the delay in opening school is immeasurable.

Meanwhile back at the ranch, the children were at home because there was no place to else to go.
