

# Dotti's Doin's

BY DOTTI ALLEN

The North Las Vegas City Council was called a "do nothing" council at the last meeting by a representative of an organization called ADULTS IN ACTION FOR YOUTH PROMOTIONS. The group asked the City of North Las Vegas, for \$15,000 to acquire recreational facilities and equipment for the youth in the NLV area past Evans, as there is none available. The organization is entertainment oriented and consists of three bands, a drill team, several dance teams and a large group of teen models. CHARLES JONES, spokesman for AAYP explained the groups program to the council members. The council said there were plans for a facility and it would be completed in approximately nine months to a year. The council was then asked, "How many cases would be tried in the juvenile courts in that time?" Kids are restless and impatient and it seems as tho all attention is focused on the Las Vegas adults and tourists. Hundreds of thousands of dollars are spent yearly by the city to make everything convenient for adults and tourists and no one seems to take interest or cares about the youth. And let's face it, these are our leaders of tomorrow.

Sure happy to see that DALE PROTER, of Prescott, Arizona is on the road to recovery after his recent auto accident, but then how could he not be with lovely wife "TINKER" mama MILDRED and aunt MARY ALICE JONES playing the nurse role. Bet DALE is trying his darndest to remain on the convalescing list.

-0-

Our roving eye for talent stopped when it fell on two brothers, MARK and DALE SPEAKER. 14-year-old DALE plays lead guitar and has developed a style all his own. 16-year-old big brother MARK is a marvelous drummer and might I add, one of the best I've heard in his age group. These kids will be performing on the show at the COSMO LOUNGE October 15...Read next weeks issue for more details on the show.

Why is it??? that PRICE named PAUL, "who doesn't seem to give a damn about the truth," has it in for that "too nice" JUDGE ROBERT REID? It would be understandable if Mr. PRICE had ever been before the good judge, but as I understand it Mr. P. has never been tried by JUDGE REID, in district court or municipal court. It seems when a man tries to be fair in the eyes of justice he is always criticized, and made prey for idle incompetent gossip. This columnist feels that JUDGE REID, has been unduly criticized for some of his judicial decisions. The problem appears to be on how the so-called evidence is presented in many of the cases he is called upon to judge. It seems to be of no interest that JUDGE REID'S interest is to protect the rights of people, and provide fair law in his courtroom.

Congrats...to STUDENTS WITH A PURPOSE (SWAP), on their successful fund raising Luau at the home of NITA MCGLOTHEN. The event was well attended, and everyone present had a ball. SWAP, is a on the go youth organization, and a good cause, but they need more adult support. So get involved.

Hopin' TINA COBB, a speedy recovery. She underwent foot surgery last week, that's about the only thing I know that could even slow this active young lady down, and I bet she's hobblin' around on one foot rendering services to those unfortunate persons in need of her assistance. TINA, is an employee at the Nevada State Employment Office.

## Black Educators Host Community Unity Social

The public is invited to attend a social sponsored by the Black Educators of Clark County School District which is slated to be held on Saturday, September 30, 1972 from 10:00 p.m. until 2:00 a.m. in the Pan-Afro Auditorium located in the Golden West Shopping Center on West Owens Avenue.

According to Mrs. Grace McGlothen, publications officer, the Ad-Hoc committee for the Black Educators Organization felt that there is a need for the community to become better acquainted with all teachers old and new.

Donations for this social event is \$2.00 per person. The proceeds will be used for scholarship fund.

The Black Educators aim to promote a better understanding among the citizenry of Las Vegas regarding the educational needs of Black people.

They also aim to secure for the children of Black people the right to be educated by personnel who understand and appreciate their social, cultural, economic and black language background; and the right to be respected as

individuals with potentials that need to be developed to the utmost.

The Black Educators goal is to promote a three-way interaction and inter-play of home, school, and community - as a means to secure the fulfillment of the educational potentials of black children.
