

BRIDGER EASTER FASHION

Colorful Easter fashions on smiling girls were the center of attention during the Second Annual Easter Fashion Show presented at Jim Bridger Junior High School on April 10, 1973.

The show was presented by the boys and girls of Jim Bridger's Group Guidance organization and directed by school counselor Mr. Deborah Moore who was aides by teacher Miss Cathy Delia Vedova in charge of Choreography.

The holiday wardrobes were provided by Montgomery Wards who also provided the commentator for the show, Miss Wendy Ward.

Highlighting the affair was student Robin Peterson who received an outstanding student behavior award from principal, Lou Silvestri.

In attendance for the gala affair was the student body, the faculty, Clark County School District Administrators as well as parents who were especially welcomed and who possess a standing open invitation to attend Jim Bridger Junior High School at their convenience.

VA NEWS

Q--Will a veteran's compensation from VA be reduced if Social Security benefits are increased?

A--No. VA does not count any income against compensation for service-connected disabilities, including Social Security payments. Income is a factor for

pensions for non-service-connected disabilities, however.

Four little girls killed in a Birmingham church in 1963 would have voted this year for the first time. They won't. WHAT'S YOUR EXCUSE?

Life-Saving Device Requirements

Nevada Department of Fish and Game reports that failure of boat operators to carry sufficient life-saving devices on their motorboats is becoming an ever-increasing problem on southern Nevada waters with many individuals cited each month.

Nevada law requires that there be a U.S. Coast Guard approved life-saving device on board the boat for each passenger.

Not all life-saving devices are approved, and it is not illegal to sell unapproved models. DFG suggests before purchasing a particular type, inspect it for a U.S. Coast Guard approval number that it has been checked and found to be acceptable.

Ski belts and many ski jackets are not approved or sanctioned for legal use on Nevada waters. They may and should be worn while skiing, but there must be an approved life-saving device on board for the person being towed as well as one for each person in the boat.
