

Dotti's Doin's

BY DOTTI ALLEN

Well here it is that time again and would you believe no more perils of Po' Dotti - no weddings, and no births so hey what do I write about? Lessee oh I attended one of the lectus lectures on the affirmative action program, being conducted by Ervin Hurdle, in case you're not hipped to what it's all about it has to do with minorities, employment, and the Greater Las Vegas Program. These seminars will be conducted throughout the month of June.

The surprise was just too much for po' Dotti seems as tho my family and friends decided to put together a thing for me at the home of Aquilla Guy. My fella told me we were going to drop by Aquilla's to pick up a pair of glasses he left the week before, and when the door opened everyone yelled SURPRISE! And it really was. It's going to take the shock of next year's birthday to get over it.

Keep in mind the outdoor Concert June 8th at the Guy Activity Center. There's going to be local bands and bands from California participating. So if you owe yourself a treat this is it.

I just have to take time out to mention one of the nicest guys I know, and if you've been up past 12 in the a.m. and tuned your radio dial to K.L.A.V. you know I'm talking about good guy, MAX LINDBERG. I thought guys like MAX, were no longer existant, as busy as he is spinning the disks with all that good jazz he's never too busy to lend a helping hand Tune him in and let him rap to you.

That's all ya'll see you next week.

a voteless people is a hopeless people.

Summer School Begins June 18

School ends June 8 for most of the nearly 76,000 students enrolled in the Clark County School District, but it doesn't have to end there.

Why not a course in auto mechanics or advanced work in music or drama for secondary students, or enrichment work in math, science or art for students of all ages this summer?

Summer school begins June 18, and all students interested are eligible. The big "why not?" is the price. Each course costs \$30.00 per student, because the summer school program must be totally self-supporting.

Elementary youngster, both those who need remedial work in reading and math and those who want to explore new fields through enrichment programs, are urged to pre-register by contacting their school. There they will receive pre-paid mailers with all the necessary enrollment information. Once that information is in and the enrollment fee has been paid, students simply need to show up for their first class on June 18.

Secondary students can pick up enrollment information from their counselor, then show up at either Rancho or Valley High on Thursday, June 14, to pay their fees.

Nursing Career

A sophomore nursing student has been installed as president of the Student Nurses Association at the University of Nevada, Las Vegas.

Faye Evans, a nursing aide at Valley Hospital in addition to her full-time studies at UNLV, will direct the programs of the 25-member chapter throughout the next academic year.

The two-year-old organization brings professional speakers to the campus each month and sponsors a scholarship program through various fund-raising activities.

Elected vice president is Marie Reifsnnyder, a sophomore from Henderson. Pat Smith, a Las Vegas sophomore, is the new secretary, while Helen Rondthaler, also a sophomore from Las Vegas, becomes the treasurer.

The local chapter is affiliated with the American Nurses Association.
