

BILLY ROWE'S Note Book

NOTES FROM A TRAVELER'S PAD---The next notes you eye here will be from Acapulco, Mexico. That's where the usual keeper of this corner has skied off to with Lu, Delores and Eleanor, the lovelies of Trio, Inc. and a jet-load of the beautiful people. In the mean time, the stay at homers are talking about the professional poise the daughter of the late Nat "King" Cole. Natalie, had as she made her Fun City singing debut at the posh Copacabana. The Harlem go-about-set thinks the "kid" has really got something, and will add to the immortality of her late great dad. However, everything else went bad for the dear girl: both her hotel room and her car were burglarized and the culprit made off with her finest spotlight wardrobe... Talya Ferro, who just concluded a nationwide tour with Redd Foxx, is not only a delightful eye full, she can sing with the best of them... TV. producer Emile Jones has Lou Rawls on the line for the host of his new TV pilot "Get Down", it's a different outta sight Black entertainment show. Emile has hopes for network production of his shows...N. Y.'er's felt that the poor showing of Bobby Seale in his bid for Mayor of Oakland, is an indication that the silent majority of Blacks "ain't" ready for him. There are more Blacks and Brown people in that California town than white, but you wouldn't believe counting the votes...Nikki Giovanni's upcoming show at Philharmonic Hall was sold out the day after a top women's mag proclaimed her as their "Woman of The Year". Another indication of the flight of time is the fact that the lovely daughter of Ruby Dallas Young and the late John Young just grad from The College of The Scared Heart, Newton, Mass. The Myrtle Huddgins Memorial Golf Tournament Committee sez, there is a Ford Cougar in the future of any golfer scoring a hole in-one for that event...Cliff Sneed, NY, LA, and Montego Bay's man-about-town just finished golfing in the low 70's to end up in the money in the Invitational Celebrity Golf Tournament at The Desert Palms, Del Safari Country Club in California...Mal Goode who is the first Black person to join network news has retired after enough years at The American Broadcast Company. He will continue on at the United Nations for a short period of time in order to conclude his affairs as The President of the United Nations Correspondents... Chi-Town still bussin' of the wonderful cocktail sip held at the home of Mrs. and Rev. Jesse Jackson-The Country Preacher. As usual all was not fun and games for the Country Preacher and George Jackson, for they found time to take care of some business that was so important to the needs of poor people. There is a story being circulated that Rev. Jackson was approached by a rich member of the dominant other race, and she asked Rev. Jackson, who speaks with a slight southern drawl, "Why he pronounced the word POOR FOLKS as PO' FOLKS? The Country Preacher never paused for a second looked the proper speaking matron dead in the eye and said." We Black people are to PO' to afford the luxury of an 'OR that would make us POOR'... Mrs. Lady Bird Johnson will accept the award for him. The new NYC Department of Parks Administration is "Shooting" Vassel "thru the grease" over the issuance of a permit to hold the affair. That permit could mean the difference between camp for some black children or the ghetto sidewalks this summer...
