Delta Sigma Theta Sorority Teen-Lift '73

The Las Vegas Alumnae Chapter's Teen-Lift was a one day affair which exposed local students to the desert environment and developed an awareness of the many efforts it took to develop some of the many interesting sights of Las Vegas, such as Hoover Dam, Lost City Museum, Lake Mead, Valley of Fire and Roger Springs. The setting was breakfast at the Mugiwithana Restaurant and from there to other locations in Nevada. Teens from various areas are pictured with members of Delta Sigma Theta Sorority before boarding the bus. Teen-Lift, sponsored annually by Delta Sigma Theta Sorority, is expense free to teens and totally funded by affairs given by the Sorority - especially the "Jabberwock".
