

# We've Been WONDERING

WHY? is it some of our Brothers and Sisters with a scarlet past and have since straightened up don't get hipped as to why from year in and time to time they have the same "identical" problems with the establishment as they had when they were operating on the outside is the placing of their trust in a certain Law & Order "Bigot" that has palmed himself off as a friend of Blacks. This Devil cut his eye teeth on being the goat that led sheep to slaughter.

?????

WHY? that ofay Gendarme of whom at first was satisfied to do a little "sneak" back street action with certain "beige" ladies of the evening as payment to protect and later out played the players getting first count on the gelt and now to add insult to injury has big eyes for a much married square don't realize when the Brothers back off Whitey had better tip toe like he was walking on eggs.

?????

WHY? a certain long-time Podner since retirement constantly keeps his head so full of scrap iron that he neglects to bathe, and shave also bends the ears of all that will listen about his problems don't realize all have problems with the difference being many don't use their problems as an excuse to be a lush-cry baby looking for sympathy.

?????

WHY? since the covers are being pulled off El Trickey-o Dickey-o those that will admit that they voted for Trickey are scarcer than hens teeth. Could the reason be they (the Voters) have fled to the high ground to escape the waters that have flooded the gates. mmmmmmm

?????

WHY? the sequences of 1-3-5-6-7-9-10-20. And 37-39-40-48-50-69-71-79. Are supposed to be lucky for Gemini, Cancer & Leo.

?????

WHY? the couple mentioned in last weeks report that made it to "Snake Annie's" to solve their financial status that this scribbler was in for a fix if he wrote anymore about them don't get the message, like; if they had kept their hash traps shut we wouldn't have known about their "thing", and in the second place fear and ignorance is not our bag.

?????

WHY? the doll that dyed her hair to match the color of her orange hog don't go all the way (if she hasn't already) we hear a certain Cosmetologist on the avenue dyes "snatch" to match.

?????

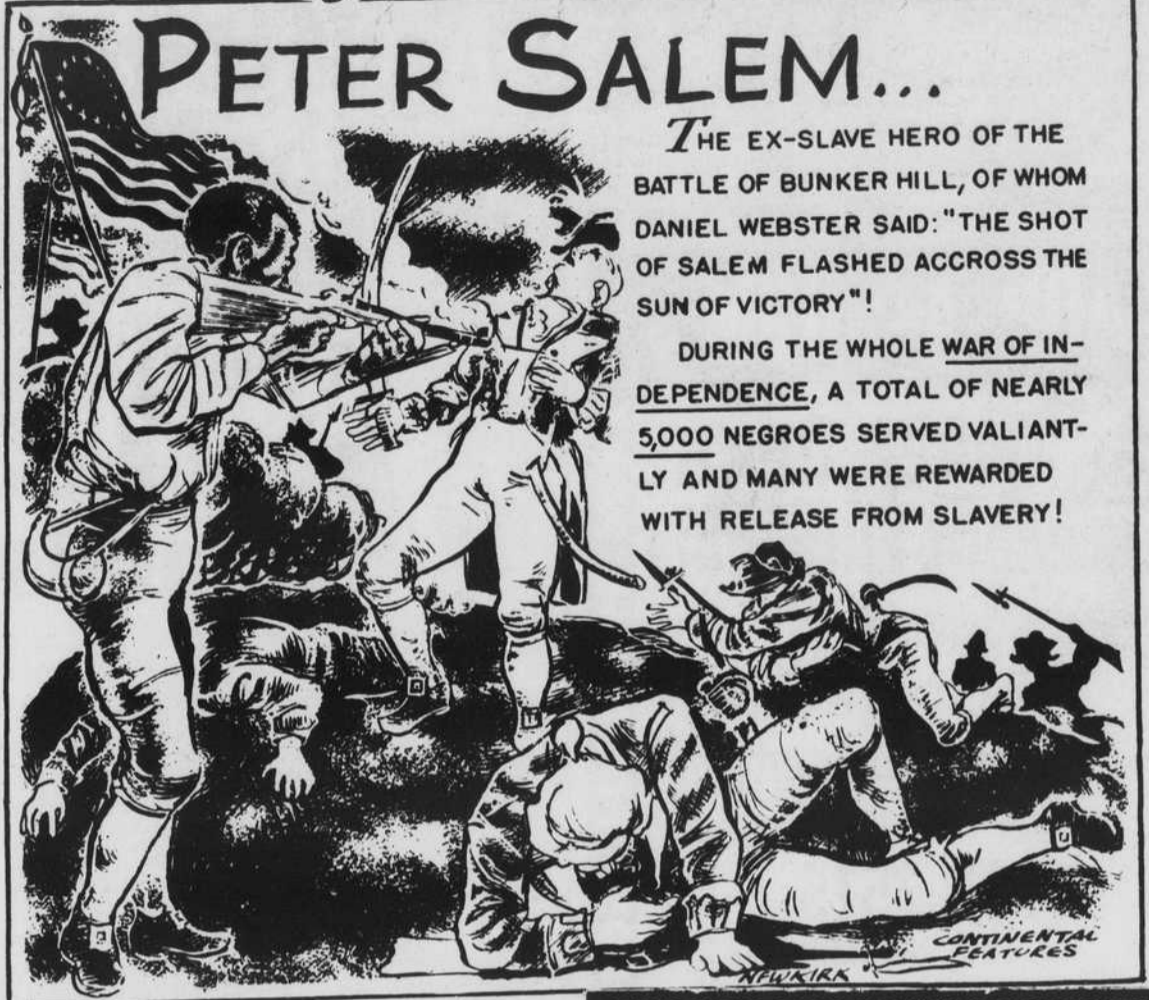

WHY? a certain Podner refused to eat a meal of tongue that his kitchen mechanic cooked for him, sayin he didn't eat nothing that came outa sompin's mouth and when she prepared eggs for ol podner he was more pleased than a limp wrister in the Navy. Could the reason be (quote) What the fool does in the end the wise man does in the beginning. (unquote)
