WORK CAN BE FUN -- Among the many employees at Busch Gardens who Calvin Owens supervises are the crowd-pleasing "Eaglettes" which were recently "created" to assist the "Friendly Eagle" in welcoming visitors to the scenic complex. During one recent work day, two of the "Eaglettes" escorted Owens on his appointed rounds.

EVICITION, from page 1

away. Today, units by the hundreds stand empty and vandalized - Fifteen years ago our Publisher Dr. West warned that the proposed plans for Urban Renewal would create a new ghetto.

Today West Las Vegas is still a ghetto - wooden shacks have been replaced by plywood and stone shacks, that cost from 19,000 to 22,500 dollars.

Nobody but Nobody wants to buy a used 22,000 dollar shack.

In the Vegas Heights area are many examples of the type of houses we speak.

HUD policy created the building of these instant Ghetto houses.

HUD policy knowing full well that these houses could be sold only to persons who live here, not just moving into town - created the vacancies.

QUESTION: Who pays for these mistakes?

ANSWER: THE TAXPAYERS.

HEW NEWS

Students who need money for their education after high school may now apply for Basic Educational Opportunity Grants, according to HEW Secretary Caspar W. Weinberger.

More than \$122 million is available under this new program administered by HEW's Office of Education.

"Although limited this year to first-year, full-time postsecondary students, the program is expected to benefit an estimated one-half million students who might otherwise be unable to continue their education," Secretary Weinberger said. "Along with other Federal programs of student financial aid, it marks significant progress toward the Administration's ultimate goal of making postsecondary education available to all young people who desire it."

Under the Basic Grant program, students in financial need may obtain funds to help pay their educational expenses at any approved college, university, vocational school, technical institute, or hospital school of nursing. How much a student or his family can contribute affects the amount of his Basic Grant and is determined according to a formula established by the U.S. Office of Education.

To apply for a Basic Grant, an "Application for Determination of Expected Family Contribution" must be obtained, filled out, and mailed to P.O. Box B, Iowa City, Iowa 52240. Within a month the student is notified of the amount of his family's expected contribution. He then submits the notification to the school of his choice, which calculates the amount of the Basic Grant to which he is entitled.

Application forms are now available at student financial aid offices at postsecondary institutions, high school guidance offices, post offices, State employment offices, county agricultural extension agents, and Talent Search, Upward Bound, and Student Special Services projects. If unavailable in your area, write to Box G, Iowa City, Iowa 52240.

Other forms of Federal student assistance such as Supplemental Educational Opportunity Grants, College Work-Study, National Direct Student Loans, and Guaranteed Student Loans are available in addition to Basic Grants.

For further information on Basic Grants and other student financial aid programs, students should contact their high school counselor or the financial aid officer at the school in which they expect to enroll.
