

TV-10 Explores The Gifted Child

Does the "gifted child" in Nevada really need special education as provided for in recent legislation?

To examine the problems and the advantages of the gifted child, Muriel Stevens brings to "Project People" Dr. Harrie Hess, UNLV psychology professor; Dr. Donald Dickinson, special student services coordinator for the Clark County Schools, and Mrs. Sharon Carelli, mother of a gifted 5-year old.

The final program in the locally produced series will be seen on Channel 10 Thursday, July 26, at 7:30 p.m.

Directed by Ken Jarvis, the series has been produced under a grant from The Friends of Channel 10.

TEACHER CORPS BEGIN OPERATIONS

The Teacher Corps—a federally funded program designed to improve the educations of disadvantaged school children begin its second biennium of operation this summer under the joint authority of the University of Nevada, Las Vegas, Clark County School District and the Community.

Mr. Porter Lee Troutman Jr., Lecturer of education at UNLV and assistant director of the project, said word has been received from Washington D.C. of a \$193,395 grant to UNLV to fund preservice summer program and the first scholastic year of operation.

Hunting And Fishing

A "No Hunting" policy in National Parks will protect the breeding herd after release and provide a reservoir for production and subsequent migration to surrounding areas of public land.

FEE CHANGES FOR DUPLICATION LICENSE
Replacement of a lost fishing or hunting license will cost slightly more this year as a result of regulations passed by the last session of Nevada legislature.

Any license which originally cost more than four dollars will cost four dollars to replace. A duplicate for any license which cost less than four dollars can be obtained at a cost equal to the original fee.

Department of Fish and Game officials provide the following examples: A resident fishing license costs \$7.50 and a duplicate for that license, if lost or destroyed, will cost \$4.00. A junior fishing license has an original price tag of \$1.00, and if lost, replacement will require payment of the original fee of \$1.00.

Persons who wish to obtain a duplicate for a lost or destroyed license can go to any hunting and fishing license agent and secure the duplicate after paying the appropriate fee and signing an affidavit.

All tags, permits and stamps that accompany hunting and fishing licenses for special purposes are replaceable as duplicates only at the original cost.

Employment Security Department

CARSON CITY--The Nevada Employment Security Department found jobs for 2,534 Nevada veterans in the first six months of this year, a jump of 330 more veterans given free job help than in the same period last year.

Department Director Lawrence McCracken said the six-month total passed the 2,500-mark with June's 444 former Nevada servicemen and women helped into civilian occupations by the department.

Veterans job placements in June included 209 Vietnam veterans. In the past six months through June, the department found jobs for 1,266 Vietnam vets, 80 more than in the corresponding period last year.

The federal government requires employment security departments in all state give top priority to finding jobs for veterans. The Nevada department has been the leader in its region this year for job help to vets, outranking California, Arizona, Hawaii and Guam.
